Approval of Minutes

The minutes for August 5, 2020 were approved as submitted. John moved and Walter seconded.

Harbormaster Report

Will reported that there is the usual busy activity at the marina. The computer problems seemed to have been resolved. The dredging survey boat has been actively doing the harbor survey. Preparations will soon start for getting ready for the start of dredging.

Dredging Update

Joe reported that the dredging contracts were received and the contract was awarded to the Cashman Dredging and Marine Construction Company. The Army Corps of Engineers has used them in the past, including the dredging of Boston Harbor, and looks favorably upon them. The project is on schedule to start dredging the channel on October first. The required planning work is ongoing to do the piggyback dredging provided there is time when the channel dredging is completed.

New Business and Future Concerns

None

Next meeting: October 7, 2020

Motion to adjourn made by Walter, seconded by John

Meeting adjourned at 7:45pm.
