## BOARD OF SELECTMEN

---

With lots of help from volunteer townspeople and the dedicated work of Town officials, the Board of Selectmen had a productive year.

Wellfleet saw changes. Town meeting voted in a voucher program to support pre- school for 4 year- olds that was successfully implemented. An *ad hoc* Dredging Advisory Group submitted our long- awaited application to the Army Corps for harbor dredging to be followed up by requests to the Commonwealth. The Town and SPAT collaborated to support new mapping and charting of the harbor.

Change came to Town Hall as well. Brian Carlson stepped in as ATA and Town Planner. Joseph Powers and Rosemary Moriarty assumed their new roles as Town Clerk and Treasurer respectively. Jennifer Wertkin smoothly took over directorship of the Library replacing long- time director, Elaine McIlroy. Our Board lost Selectman John Morrissey to retirement, but happily picked up Helen Miranda Wilson as a diligent and able replacement.

Wellfleet continues to be a beacon for families with its excellence in education, our 5- star Library and an expanding recreation program. Wellfleet's application to become a State Cultural District is in process with hopes of growing and publicizing our many year- round cultural offerings. Not to be overlooked is Wellfleet's designation as a "Green Community" as a result of great efforts by the Energy Committee, including a wildly successful solar energy initiative. We stand committed to maintaining Wellfleet's ambience as a historic coastal village, a center for the arts, and for fin and shellfishing commerce.

In July, the Board adopted another challenging set of goals for itself including developing plans for the all- important harbor dredging, engaging in an in- depth budget analysis of the larger departments on a rotating basis, and moving ahead on building projects, including a more suitable home for our Police Department. While progress has been made on many fronts, we face cost increases beyond our control, many of which exceed our stated goal of a 2 ½ percent maximum increase. We attained this goal this past year but just barely.

A major challenge for the Board this year will be finding a replacement for Town Administrator Harry Terkanian who announced his retirement as of July 1, 2016. Harry will leave a proud record of accomplishment that his successor will do well to emulate.

Many difficult issues remain. The "rumble strips" on portions of Route 6 were a marginal improvement, yet serious safety concerns persist on Route 6, especially in

summer months. Maintaining healthy harbors and waterways is a priority. Attracting young families and entrepreneurs is a growing challenge. And the question of how to fund necessary services using the property tax as the primary revenue source is a thorny issue. Town Meeting's repeated requests to the state for authority to levy a short-term rental tax remain mired in legislative backwaters.

Wellfleet continues its lively discussions of how we want our town to look and be. This ongoing dialogue is our strength and we would not have it otherwise.

Respectfully Submitted,

Paul S. Pilcher  
Board of Selectmen Chairman

---

---

## BOARD OF SELECTMEN'S POLICIES

The following policies have been adopted and revised by the Board of Selectmen in 2015. Full texts of all policies are posted on the Board of Selectmen page on the Town web site: [www.wellfleet-ma.gov](http://www.wellfleet-ma.gov)

Last Revised: November 24, 2015

**Policy for Award of Shellfish Grants**

Adopted: November 9, 1988 as policy #1988-4

Revoked: November 24, 2015

## TOWN ADMINISTRATOR

---

This will be my final annual report as town administrator as I will be retiring this June 30th. As I look back on the past three years I am gratified by the support I have received from everyone, employees, elected officials and members of the public alike. This year, as with previous years, much that is positive has been accomplished, yet much remains to be done. Without the enthusiastic support of all, it would not have been possible for us to accomplish what we have.

Trust, transparency and respect are the guiding principles I would like to see at all levels of Town government. These are not goals which, once achieved, can be put aside. Rather, they define an approach to government which must be renewed and worked at. Toward this end, so that all can see what is before the selectmen, we have posted the selectmen's meeting packets on the town web site at the same time the agenda is posted. We have also expanded the Town web site contents to include information such as initial and progress drafts of Town budgets, reports on projects and board minutes. Equipment has been installed for the future broadcast of Selectmen's meetings and other government activities on Wellfleet's government TV channel.

The Herring River Restoration Project is one of the largest salt marsh restoration projects on the East coast. It promises to improve water quality in Wellfleet Harbor along with other significant benefits. The Herring River Restoration Committee is nearing completion of its work on a final Environmental Impact Statement. The next steps include design, permitting and project funding. The restoration of Mayo Creek, a separate project on a smaller scale, promises similar benefits.

A significant challenge facing the Town is the condition of our public facilities. Many Town buildings are in need of long- delayed maintenance. A portion of the Elementary School roof was replaced in a project that was completed on time and under budget. Town Hall has been re roofed. Green Community funding is being used for heating system energy efficiency improvements in a number of buildings. We have begun the process of studying the Town's facilities needs and the condition of its buildings including the Recreation Building, Harbormaster's office, Beach Sticker Building, and Police Station. A project management contract has been awarded for the police station renovation and will be followed in early 2016 with a contract for design services. We have also begun the permitting process to remediate drainage problems at Baker Field and reconstruct the four tennis courts. A reconstruction of the Recreation Building to include new public restrooms is also in the near future. It will take many years to erase the damage caused by delayed maintenance, and it is important that we face these issues now to control future facilities costs.

Another significant challenge Wellfleet faces is the fiscal one. Proposition 2 ½ is now 33 years old. The tax increases allowed by Prop 2 ½ have not kept pace with

the cost of delivering municipal services. At the same time state aid to local governments has been reduced and now often comes earmarked for specific purposes. These challenges, coupled with new, frequently unfunded, state mandates, have reduced the resources available to us to meet the needs which are important to Wellfleet residents. Like many in our situation, we strive to deliver more with less, but this is a trend which cannot continue indefinitely. If not reversed, there will be difficult choices ahead as we struggle to deliver the services you expect with available revenue.

Respectfully submitted,

Harry Sarkis Terkanian  
Town Administrator

## ANNUAL TOWN MEETING MINUTES

---

Monday, April 27, 2015

Having been advised by the Town Clerk that 173 of the 2,552 voters were present exceeding the 6% quorum requirement, Daniel Silverman, Moderator, called the Town Meeting to order at 7:16 pm at the Wellfleet Elementary School at 100 Lawrence Road.

The Moderator asked for a moment of silence to remember the following individuals who served the Town of Wellfleet and had passed away since the last Town Meeting:

**Leonard Burke** – Assistant Harbormaster

**Eugene Cormier** – Historical Commission

**Raymond A. Crowell** – Board of Selectmen, Council on Aging, Creative Housing Partnership, Finance Committee, Housing Authority and Local Planning Committee

**Francis DeVasto** – Long– time Recreation Department Volunteer

**John H. DiBlasio** – Conservation Commission and Coastal & Pond Access Committee

**David H. Ernst** – Board of Selectmen, Cape Cod Commission, Senior Center Development Committee and Burial Agent

**John Grillo** – Cultural Council

**Richard Gullicksen** – Council on Aging Van Driver

**Catherine Lay** – Library Building Committee

**Sally Nerber** – Council on Aging.

**Harry Peabody** – Housing Authority and Local Housing Partnership

The Moderator also recognized the following individuals who were retiring after serving the Town of Wellfleet:

**Maureen Dumont** – Nauset School System, Wellfleet Elementary School, Assessor's Clerk

**Dr. Richard Hoffman** – Superintendent of Schools, Nauset Regional School District

**Elaine R. McIlroy** – Wellfleet Public Library Director

The Moderator also recognized **John T. Morrissey** for his service on the Board of Selectmen which will end after the Town Election on May 4, 2015.

Town Meeting supported the Moderator's request for unanimous consent to limit speakers to 3 minutes for all voters except makers of motions who would be limited to ten minutes.

**ARTICLE 1: OPERATING BUDGET**

Mr. Pilcher moved and it was seconded that the Town vote the Selectmen’s Fiscal Year 2016 Town Operating Budget as printed in the warrant (Appendix A), except that item 301, Nauset Regional School District Assessment to be \$2,580,329, the total Selectmen’s Fiscal Year 2016 Operating Budget thereby being \$15,961,768, with each item to be considered a separate appropriation, including fixing the salaries and compensation of all elected officers of the Town for Fiscal Year 2016, and including approving the Nauset Regional School District and Cape Cod Regional Technical High School District budgets for Fiscal Year 2016, with funding for the Operating Budget provided in the following manner:

Raise and Appropriate	\$14,409,294
Free Cash	\$58,549
Ambulance Fund	\$250,000
Beach Fund	\$886,400
SEMASS Fund	\$220,000
Recreation Fund	\$65,000
Shellfish Fund	\$60,000
State Aid to Libraries	\$4,175
Sale of Cemetery Lots	\$5,000
Perpetual Care Income	\$350
Fund 25 – Discover Wellfleet	\$3,000
<b>Total Operating Budget</b>	<b>\$15,961,768</b>

Perpetual Care Income	<b>\$350</b>
Fund 25 – Discover Wellfleet	<b>\$3,000</b>
<b>Total Operating Budget</b>	<b>\$15,941,868</b>

The Moderator declared the motion carried on a voice vote.

**ARTICLE 2: FY 2015 ADJUSTMENTS**

Mr. Murphy moved and it was seconded that the Town approve the following fiscal year 2015 operating budget transfers:

- From Board of Health Salaries and Wages to Board of Health Contract Services \$14,712;
- From Free Cash to Library Salaries and Wages \$30,000;
- From Free Cash to Fire Department Overtime \$57,000;
- From Legal Expense to Snow Removal \$60,000; and
- From Free Cash to Snow Removal \$120,000

**Board of Selectmen: recommends 5 – 0.**  
**Finance Committee: recommends 6 – 0.**

The Moderator declared the motion carried on a unanimous voice vote.

**ARTICLE 3: CAPITAL BUDGET**

Ms. Bruinooge moved and it was seconded that the Town vote the Selectmen’s Fiscal Year 2016 Capital Budget as printed in the warrant said amount to be raised and appropriated, with funding for the Capital Budget provided in the following manner:

The Moderator declared the original motion by Mr. Morrissey carried on a voice vote.

**ARTICLE 32: ANIMAL CONTROL BYLAW**

Mr. Murphy moved and it was seconded that Article 32 be accepted and adopted as printed in the warrant with the following changes and that General Bylaws, Article XV be amended accordingly

Amend Section 3 subsection a. “PUBLIC SCHOOL GROUNDS” by striking the text in the section and replacing it with “Dogs shall not be allowed on any school department property while schools are in session, including recreational and extra-curricular activities whether conducted on school grounds or elsewhere.”

Amend Section 3 striking subsection b and replacing it with: "TOWN OF WELLFLEET PROPERTY. Dogs entering in or remaining upon public property of the Town of Wellfleet are subject to such Town rules or regulations as may, from time to time, be adopted to regulate dogs on specific properties. A violation of any such regulation shall also be a violation of this bylaw."

Further amend Section 3 by striking subsection c. FRESH WATER PONDS, subsection d. CEMETERY GROUNDS, subsection e. PUBLIC PARKS and subsection f. WELLFLEET MARINA and re– lettering subsection g. as subsection c.

Amend Section 4. ROAMING AT LARGE, subsection a. by striking the words "six (6) foot" from the last sentence so as amended the sentence reads "A dog is under restraint within the meaning of this bylaw if it is controlled by a leash or within a vehicle being driven or parked.””

**Board of Selectmen: recommends 4 – 0.**

**Bylaw Committee: recommends 3 – 0.**

#### **MOTION TO INDEFINITELY POSTPONE**

Blanks

Question 1 Shall the Town of Wellfleet be allowed to assess an additional \$100,000 in real estate and personal property taxes for the purpose of funding a voucher system for partial payment of the cost of universal preschool for four year old children of Wellfleet residents for the fiscal year beginning July first, 2015?

Yes	562*
No	281
Blanks	27

Question 2 Shall the Town of Wellfleet be allowed to assess an additional \$60,000 in real estate and personal property taxes for the purpose of funding an additional police officer position for the fiscal year beginning July first, 2015?

Yes	415
No	437*
Blanks	18

Question 3. Shall the Town of Wellfleet be allowed to exempt from the provisions of Proposition 2½, so– called, the amounts required to pay for the bonds or notes issued by the Town in order to pay costs of design and construction drawings, bidding and bid

documents for the renovation of the existing police station and to engage an owner's project manager therefore, and for the payment of all other costs incidental and related thereto?

Yes	471*
No	377
Blanks	22

Question 4. Shall the Town of Wellfleet be allowed to exempt from the provisions of Proposition 2½, so-called, the amounts required to pay for the bonds or notes issued by the Town in order to pay costs of purchasing and initially equipping a replacement fire engine for Fire Department Engine 94, and for the payment of all other costs incidental and related thereto?

Yes	555*
No	294
Blanks	21

Question 5. Shall the Town of Wellfleet be allowed to exempt from the provisions of Proposition 2½, so-called, the amounts required to pay for the bonds or notes issued by the Town in order to pay the additional costs of preparing a study, plans and designs, permitting and preparation of construction, and other related documents as required by the Commonwealth of Massachusetts in preparation for Route 6 and Main Street intersection improvements, and for the payment of all other costs incidental and related thereto?

Yes	604*
No	246
Blanks	20

Question 6. Shall the Town of Wellfleet be allowed to exempt from the provisions of Proposition 2½, so-called, the amounts required to pay for the bonds or notes issued by the Town in order to pay for the additional costs of preparing an engineering study, plans and designs, permitting and other related documents required for the maintenance dredging of Wellfleet Harbor, and for the payment of all other costs incidental and related thereto?

Yes	683*
No	166
Blanks	21

Question 7. Shall the Town of Wellfleet be allowed to exempt from the provisions of Proposition 2½, so-called, the amounts required to pay for the bonds or notes issued by the Town in order to pay the costs of collecting and processing side scan sonar imagery and related bathymetric data for areas of Wellfleet Harbor outside the Cape Cod National Seashore, and for the payment of all other costs incidental and related thereto?

Yes	529*
No	303
Blanks	38

Question 8. Shall the Town of Wellfleet be allowed to exempt from the provisions of Proposition 2½, so-called, the amounts required to pay for the bonds or notes issued by the Town in order to pay costs of replacing and improving the canopy and constructing an attendant house at the Transfer station, and for the payment of all other costs incidental and related thereto?

Yes	467*
No	370
Blanks	33

Question 9. Shall the Town of Wellfleet be allowed to exempt from the provisions of Proposition 2½, so-called, the amounts required to pay for the bonds or notes issued by the Town in order to pay costs of repaving the Mayo Beach parking lot, and for the payment of all other costs incidental and related thereto?

Yes	535*
No	306
Blanks	29

Question 10. Shall the Town of Wellfleet approve the Charter Amendment proposed by the 2014 Annual Town Meeting as summarized below?

Summary: If approved by the voters, this question would amend Section 8-3-1 of the Wellfleet Home Rule Charter by authorizing the Board of Selectmen to appoint an alternate member of the Board of Assessors. The alternate member could be designated by the Board of Assessors chairman to sit on the Board in the event of a vacancy, absence or other inability to act on the part of a regular member.

Yes	649*
No	171
Blanks	50

Town Clerk

## BOARD OF ASSESSORS

---

The Board of Assessors reports a mixed year for our real estate market. Sales volume was down for single family homes with an increase in the median sale price to \$500,000; down for condominiums with an increase in the median sale price to \$211,500; and up for vacant land with a decrease in the median sale price to \$220,000.

FY16 is an interim adjustment year. Based on the results, the taxable value of the Town increased by \$85,970,970 over FY15, for a total assessment of \$2,252,621,930.

For FY16, the median single family home was valued at \$510,300, an increase from \$497,100 in FY15. The tax rate increased from \$6.78 to \$6.83.

Respectfully submitted,

Diane S. Galvin, Chair  
Gail Stewart

Nancy L. Vail

## FINANCE COMMITTEE

---

Throughout the year, FinCom meets regularly to gather and evaluate financial information from both Town Departments and Capital Improvement projects that are either proposed or under way. We do our best to review requests fairly, in light of our Town's needs, and determine whether funds can be allocated through taxation, through borrowing or from available cash. When absolutely necessary, we are authorized to transfer money from the Town's Reserve Fund, which is intended for unforeseen or emergency expenditures that could not have been anticipated prior to Town Meeting.

FinCom members serve as liaisons to Town Departments, Boards and Committees. We attend meetings and return with observations regarding financial issues that will help shape the decisions the FinCom ultimately makes. In preparation for Annual Town meeting and the Budget, we meet with all Department Heads, the Board of Selectmen and Town Administrator to review all Budget requests for the coming fiscal year. As required in the Town Charter, we also hold a public hearing on the proposed Capital Improvement Plan. Our recommendations are eventually printed on the Warrant for Town Meeting.

We successfully avoided Proposition 2 ½ overrides in the last several fiscal years, and we strive to continue in that direction. We continue to keep an eye on the funding of Other Post Employment Benefits (OPEB) liabilities and the effect it will have on future budgets. We are working with the Building Needs and Assessment Committee, the DPW and the Town Administrator to create and maintain a 10- Year Capital Improvement Plan.

With the Town Administrator we have reviewed those findings raised by Powers & Sullivan CPA Annual Auditors' and Management Letter that have a financial impact on the Town. We will continue to review and work with Department Heads to resolve all Powers & Sullivan CPA Management Letter unresolved comments. We continue to work with the Board of Selectmen and the Town Administrator to keep budgets transparent for the citizens of Wellfleet.

Current Finance Committee members are: Janet Loewenstein, Linda Pellegrino, Elizabeth Sorrell, Sam Bradford, Fred Magee, Alternate, Stephen Polowczyk, Chair, Robert Wallace and Ira Wood. A big THANK YOU to Mary Rogers who has chronicled our sometimes spirited meetings, and also we welcome Miriam Spencer who picked up this spring where Mary left off.

In closing it is with great sadness that we mourn the loss of Thomas Reinhart, Vice Chair of the Wellfleet Finance Committee. Our condolences go out to Janet Reinhart and the Reinhart Family

Respectfully submitted,

Stephen Polowczyk, Chair

2015 has been an exciting year for the Wellfleet Animal Control Department. The Town of Wellfleet now has the capability of offering local low- cost Spaying and Neutering to qualified residents through the Massachusetts Animal Fund. In coordination with the Wellfleet Police Department we now have the ability to house animals indoors in extreme weather conditions. The Town of Wellfleet continues to conduct its rabies surveillance program with the assistance of the U.S. Department of Agriculture and is happy to report that there have been no reported positive cases of rabies within wildlife for 2015.

Respectfully submitted,

Suzanne Trasavage  
Animal Control Officer

## FIRE AND RESCUE DEPARTMENT

---

It is my honor and privilege to submit the 2015 Fire Department Annual Report to the citizens of Wellfleet. Several major achievements were accomplished inclusive of apparatus/equipment replacement, in- house training and other activities.

We responded to a total of 1,167 emergency requests for assistance in 2015, which is a 9% increase over last year. Of these calls, 752 were requests for emergency medical services, and 415 were fire related or other types of calls.

We took delivery of two new Chevrolet/Horton Type III ambulances in March, which were placed in service as Ambulances 97 and 98 respectively. In addition, in May we took delivery of our new Tanker 96, a 2015 International/Emergency- One, 2,000 gallon capacity tanker truck from Greenwood Emergency Vehicles. We are very grateful for the voters' support allowing us to replace these vehicles.

With respect to personnel, full- time Firefighter/EMT- Paramedic James Willis retired after twenty- four years of dedicated service to the Town. Firefighter/EMT- Paramedic Allison Gray was hired in June as a result of Jim's retirement. Allison is a Wellfleet resident and served as an on- call member of our Department for the previous three years. Call Firefighter/EMT Donald West resigned in June as a result of his moving out of state. Three new on- call members joined the Department in July, Mr. Justin Kinshaw, Mr. David "Rob" Marriot and Mr. Joshua Wagner. All three individuals will be attending the Barnstable County Fire Academy to earn their Firefighter I/II certifications in the near future. As of the writing of this report we have a total of 13 active on- call members on the Department, each of whom is assigned to one of four groups working side by side with our full- time staff. Recruitment and retention of call members continues to be a top priority. In addition, adequate staffing, particularly for daytime calls, remains a serious concern of the Department and this must be addressed in the near future.

During the year we were able to secure a highly competitive FEMA Assistance to Firefighters Grant in the amount of over \$110,000 to help fund the replacement of eighteen (18) new self- contained breathing apparatus (SCBA) units. These new SCBA units will replace our existing aging units and will have a longer air supply as well as other improved firefighter safety features. The award of this grant has resulted in over \$150,000 in local taxpayer savings, as 95% of the cost of these new SCBA units will be covered by the Federal government.

On June 2<sup>nd</sup>, at about 4:36 AM, Fire Department dispatch received a call for a structure fire at 3 West Main Street, the Left Bank Gallery. Fire personnel arrived on scene

within six minutes and reported a fully– involved building fire that was threatening to extend to two other residential structures. The first two arriving engine companies were able to confine the fire to the building of origin and prevent it from damaging the two exposure buildings. The cause of the fire was determined to be accidental in nature, resulting in over \$750,000 in property loss.

Through the combined efforts of state and local officials over the last year, we were able to make some safety improvements on Route 6 in Wellfleet. The installation of approximately three (3) linear miles of center line rumble strips within no– passing zones and a re– painting/stripping of the roadway has seemed to have a positive effect on roadway safety so far.

Other Department activities this year included a very successful Fire Prevention Week and fire station open house with over 200 resident attendees, support of the hugely successful Wellfleet Oyster Fest, our annual Halloween Trunk or Treat that saw an estimated 500 attendees, and through the combined efforts of the Wellfleet Police and Fire Departments we were able to donate over 1,100 toys to the annual Toys– for– Tots drive.

As always, this Department very much appreciates the support of Wellfleet’s residents that our community is well-protected by the high level of proficiency and dedication of our full-time and on-call members. I would also like to acknowledge our firefighters’ families and thank them for their sacrifices, understanding and patience enabling our members to serve the community. This is my third annual report to the Town as your fire chief and I would be very much remiss if I did not express my sincere appreciation to the members of this Department for their continued dedication and support. I would also like to thank the Board of Selectmen, Town Administrator and my fellow department heads for their confidence and assistance over the last year.

Respectfully submitted,

Richard J. Pauley, Jr.  
Fire Chief

WELLFLEET POLICE DEPARTMENT

---

On behalf of the men and women of the Wellfleet Police Department, it is my privilege to submit the 2015 Annual Report.

The 2015 compliment of personnel for the Wellfleet Police Department consists of 12 full– time officers, 5 full– time civilian employees and 9 part– time employees. During the past year we have seen the following changes:

Officer Jared Meegan resigned from the Wellfleet Police Department;  
Officer Laecio De Oliveira was hired to fill the above officer vacancy.

Employees who have over 20 years of service:

Chief Ronald Fiset	Sgt. William Brazile
Clerk Ilene Davis	Dispatcher Cheryl Mulligan

Summary of the calls for service:

	2012	2013	2014	2015
911 Emergency Calls	599	383	371	361
Total Calls For Service	8,897	8,489	9,314	7,995
Fatal Motor Vehicle Accidents	0	2	2	0
Motor Vehicle Accidents	118	124	131	146
Citations Issued	1,563	1,664	1,795	1,630
Arrests	232	207	242	256

Significant parades, activities, events or services that were held:

- Four parades were held; Martin Luther King Jr. Memorial March; Elementary School Parade, July 4<sup>th</sup> Parade and the Halloween Parade.
- Several charity bicycle rides traversed through town, the largest being the Pan Mass Challenge.
- Several memorial ceremonies were held: Memorial Day service at Town Hall, 9–11 remembrance at the fire department and Peace Officer’s Memorial Day at the police department.
- Oyster Festival Weekend.
- Three road races were held in town: July 4<sup>th</sup> race, Oyster Festival Road Race, and the Law Enforcement Torch Run.
- Wellfleet had a Sprint Triathlon, consisting of a .47 mile swim, 12.4 mile bike ride and finished with a 3.1 mile run.

The Wellfleet Police Department continues to collaborate with the community, citizens, businesses and different agencies over the past year.

To help with safety along Route 6, centerline rumble strips were added to a portion of Route 6. As a vehicle travels over the rumble strip it will make a distinct noise alerting the operator that they are leaving their lane of travel.

Members of the community and the police attended community oriented policing training.

Assistance at the schools is always a staple of the department to include regular meetings with the superintendent, principal, teachers and staff; opening and closing ceremonies at the elementary school, 5<sup>th</sup> grade bicycle ride, 3<sup>rd</sup> grade Lt. Island trip, school safety discussions, drills and training, “stranger danger” presentation, lunch with the students and more.

Bike safety remains a concern so we continue looking for a grant to provide free bike helmets. This year we partnered with the Barnstable County Commissioners to provide free bike lights to residents and visitors. We distributed these lights at a visa workshop for our temporary work force, at Town Meeting, at the police station. Officers working the evening and night shifts gave the lights out to bicyclists who were out at night without lights. Our free ice cream coupon for being caught riding responsibly and wearing a helmet was well received.

We continue to attend training and working with those in the mental health field. We provide a voluntary registry for those who wish to provide data of mental issues that they are dealing with and how we can be of assistance. We collaborate with mental health providers and facilitate their services with other town agencies.

Our partnership with the seniors and Council on Aging continue to thrive. We provide a reassurance program, where seniors will phone the police station every day. If we don’t speak with the senior we will call and send an officer to check on them. We provide gift bags at different holidays and events throughout the year.

A Citizen Police Academy was held and well received by those attending. This provided us the ability to explain in greater details of how and why we do what we do.

A Cape– wide Narcan program was adopted by all police agencies to help combat the pervasive opiate overdoses across the Cape, the state and the nation. This allows our police officers to carry and administer Narcan for

opiate overdoses and is a better way to assist members of the Wellfleet Fire Department and the patient in providing emergency medical care. A \$20,000 donation was given to Cape law enforcement to purchase Narcan, ensuring the viability of this program Cape- wide.

Weather- related storms are always on our mind and thoughts on preparedness. We are active in training, planning and being part of the Barnstable County Regional Emergency Planning Committee. This includes how best to respond to hurricanes, winter storms and other events, sharing of information, sheltering in place, regional shelter, and recovery.

Several meetings with the public, forums and events were attended by the Wellfleet Police Departments on a variety of subjects including community relations, community policing, mental health, Narcan, Route 6 safety and traffic concerns.

Our outer cape voluntary gun buyback program was very successful in getting unwanted guns out of our community.

Wellfleet PD Facebook page is used to help provide information to the public.

Once again, it is our privilege to serve the fine residents and visitors to our town. We would like to express our appreciation to the community for their continued support, assistance and the trust that they bestow upon us.

Respectfully submitted,

Ronald L. Fisetto,  
Chief of Police

## BOARD OF HEALTH AND CONSERVATION COMMISSION

---

The Health and Conservation Department, Board of Health, and Conservation Commission continue to make protection of the environment, groundwater and surface water a priority as well as the protection of public health. The interests we strive to protect are as follows: protection of public and private water supply, protection of groundwater supply, flood control, storm damage prevention, prevention of pollution, protection of land containing shellfish, protection of fisheries, and the protection of wildlife habitat.

Daily activities continue to include: reviewing all projects within 100 feet of a wetland coastal resource, floodplain, ACEC or 200' of riverfront area, site inspections for preliminary review of projects and for compliance with permits, investigations of reported violations, land management, permitting preparation and issuance of related documents, review and issuance of Disposal Works Construction Permits for upgrades and new Title 5 septic systems. These reviews include innovative/alternative septic designs and the tracking of such systems. Other services provided were plan reviews for the building, zoning, planning, and marina departments, review of Title 5 inspection reports for real estate transfers and most building permits. The department also responded to multiple complaints regarding restaurants, pools, septic systems, erosion, work being done without appropriate permits, failing silt fences, improper use of storm drains, deceased marine animals, illegal outhouses, algae growth in ponds, water quality, failing bulkheads, illegal tree cutting, housing, bed bugs, stables, garbage/rubbish, public health nuisances, noise, and odor.

We continue to work closely with Barnstable County Department of Health & Environment on our emergency management planning and response documents. We continue to evaluate our emergency dispensing site which is located at the Wellfleet Council on Aging conducting a minimum of two facility set up drills, two site activation drills, and four staff notification drills, as well as exercise plans and after action reports for each drill.

Public education and outreach is always ongoing for drinking water wells, communicable and infectious diseases, addiction, blood borne pathogens and post exposure procedures, recycling, solid waste disposal options at the transfer station including composting, septic system care and maintenance, comprehensive wastewater management, vista pruning, allergen awareness, foodborne illness prevention, flu, the benefits of exercise, proper use of sun protection items, mercury in the environment, how to avoid tick bites, summer health tips, tobacco control, Black Turpentine Beetle eradication, bed bugs, appropriate swimming pool drain covers, the importance of wetlands, the proposed Herring River and Mayo Creek salt marsh restorations.

This year we were very fortunate to have Sasha Berns and Maggie Gardner, AmeriCorps members, serving with the department. Their primary responsibilities are land management for lands under the care, custody and control of the Conservation Commission. They also spend time working with the Department on special conservation projects with health and environmental benefits which included completion of a land management volunteer handbook, Indian Neck and Sluiceway rehabilitation and revegetation plan, Town– wide storm drain mapping and surveying, completion of a water resources pamphlet in conjunction with NPS, fallen tree cutting and removal at MIA Park, conservation land volunteer recruitment, fencing projects at Cahoon Hollow and Long Pond, work days on trails throughout town, permitting of shellfish cultch in the harbor, kayak rack construction, inspection of all Conservation Commission lands, and a comprehensive health assessment for the community.

Hillary continues to follow, serve on, advise and/ or attend meetings of the Board of Health, Conservation Commission, Comprehensive Wastewater Management Committee, Barnstable County Coastal Resources Committee, Health Agents Coalition, Conservation Commission Network, Herring River Restoration Committee, and the Mayo Creek Technical Advisory Committee.

The 2015 statistical report up to December 31 is as follows:

Disposal Works Construction Permits	70
Well Installation Permits	40
Soil Evaluations	53
Septic Inspection Reports	163
I/A System Enforcement Actions	11
Septic Installation Inspections	47
Building Permits Reviewed	198
Food Service Inspections	184
Temporary Food Service Permits	76
Food Borne Illness Investigation	1
Suspect and Confirmed Communicable Disease Follow Up	40
Housing Inspections/ Bedroom Count	31
Condemnation Orders	1
Swimming Pool Inspections	27
Commercial and Residential Swimming Pool Permits	12
Stable Permits	22
Stable Inspections	15
Commercial/ Residential Kitchen Review	2
Routine Beach & Pond Samples	133
Beach Closures	0
Tier 3 Bathing Beach Variances	8

Oil Spills / Hazardous Materials Response	9
Oil Tank/ Septic System Wavier	10
Camps Permits	3
Camp Inspections	3
Flu & Immunization Clinics	2
Tobacco Permits	10
Funeral Director Permits	1
Septic Installers Permits	36
Septic Haulers Permits	17
Refuse Haulers	7
B&B's	9
Camps, Cabins, Motels, & Trailer Coach Parks	11
Delinquent Transfer Station Bills	11
Staff Notification Drills	4
Facility Set Up Drill	2
Site Activation Drill	1
Jurisdictional Opinions	31
Stop Work Orders	5
Enforcement Orders	10
Emergency Orders	3
Kayaks Registered (Pleasant Point)	25
Conservation Site Visits	245 +/-

Respectfully Submitted,

Hillary Greenberg – Lemos, Trudy Vermehren, Virginia Page, Ed Simpson,  
 Lauren McKean, Campbell Rea, John Portnoy, Barbara Brennessel , Kenneth  
 Granlund, Jr., Janet Drohan, Gary Locke, Morris Borocas

## COMMUNITY PRESERVATION COMMITTEE

---

This year five proposals brought forward to Annual Town Meeting were approved for a total of \$789,000 of Community Preservation funds.

The approved projects include: a contribution towards the purchase of the mid- section of 262 Main Street for the Wellfleet Historical Society and Museum; Phase 1 historic restoration of Adams Lodge; development of three Habitat for Humanity of Cape Cod homes; a Buy- Down Program by the Wellfleet Housing Authority and Local Housing Partnership; and Updates of Wellfleet Historic Form B inventories.

The Community Preservation Committee's membership underwent some changes during the year. At- large member Donald Thimas finished his term in June. Geraldine Ramer, who had been representative from the Historical Commission, replaced him as an At- large member. Since Geraldine Ramer was no longer a member of the Historical Commission, Thomas Siggia became their new representative in September. We thank Donald Thimas for his service on CPC and welcome Thomas Siggia.

The current Community Preservation Committee consists of: Peter Hall, Chair; Gary Sorkin, Vice- chair; Kevin Carroll, Robert Jackson, Elaine McIlroy, Geraldine Ramer, Janet Reinhart, Campbell Rea and Thomas Siggia. Mary Rogers serves as the CPC Coordinator.

Respectfully submitted,

Peter Hall, Chair  
Mary Rogers, CPC Coordinator

## HERRING RIVER RESTORATION COMMITTEE

---

The Herring River Restoration Committee (HRRC), established in 2007 through a Memorandum of Understanding between the Towns of Truro and Wellfleet and the Cape Cod National Seashore, conducted regular monthly meetings throughout 2015. The primary mission of HRRC is to do the detailed planning for the restoration of the Herring River Estuary by allowing natural tidal flow to return in the river. The preferred alternative is to replace the Chequessett Neck Road Dike with a new bridge structure and control gates to manage the level of water throughout the estuary. In addition secondary control structures will be constructed to manage tidal flow in Mill Creek and Upper Pole Dike Creek.

Engineering, design and other studies were undertaken in 2015 supported by grants to Friends of Herring River from the National Oceanic and Atmospheric Administration, US Fish and Wildlife Service, the Massachusetts State Division of Ecological Restoration, Massachusetts Environmental Trust, MA Bays Program and Coastal America Foundation.

Following public meetings in February, the preliminary designs of the Chequessett Neck Road Bridge and low-lying sections of Pole Dike, Old County and Bound Brook Island Roads were accomplished. Contracts were awarded to prepare permit ready designs for these major infrastructure features. In addition, work is underway on the design of tidal control structures to manage water levels in the Mill Creek and Pole Dike Basins. Public presentations of alternate concepts for the High Toss Road crossing led to direction from the Board of Selectmen to develop the concept for a marsh-level crossing that would include a bridge across the main Herring River channel and removal of the existing roadway. Other work was accomplished on cultural resource assessments and rare species investigations.

Coordination continued with owners of low-lying properties along the project boundaries to identify potential impacts and consider mitigation measures as appropriate to protect private property. On related matters, Ethan Estey was appointed Town Herring Warden, a herring count was conducted in the spring, and presentations at the 7<sup>th</sup> State of Wellfleet Harbor Conference on the Herring River included adaptive management, marsh birds, carbon cycling and herring passage.

Friends of Herring River continued project management activities, conducted site tours, hired an executive director and staff, held seminars at the Wellfleet Public Library and supported school education programs. The Friends' office at 1580 Route 6 Wellfleet provides a center of operations to support the restoration project. For the latest updates check the Friends' website: [www.friendsofherringriver.org](http://www.friendsofherringriver.org)

Gary Joseph, Chair

## HERRING WARDEN

---

River herring have long been recognized for their importance in food webs, providing a direct link between inland and marine systems. Analyses based on historical information, suggest that prior to European Settlement, larger river systems likely supported herring runs exceeding hundreds of millions, which projects annual runs numbering in the billions. River herring stock assessments have identified that the most recent decline correlates with a period of large harvests by both domestic and foreign fleets. There are a number of obstacles for herring to overcome in order to successfully reproduce in the headwaters of estuarine systems. These include, but are not limited to, degradation of habitat, industrialized fishing, and climate change. A combination of these stressors have led to a depletion of river herring stocks in the Northeastern US.

Despite these obstacles Wellfleet's 2015 herring run was a success, largely due to the efforts from members of the local community. The herring count, conducted by Dr. Barbara Brennessel and sponsored by the Friends of Herring River, collected valuable information on the fish's migration up and down the river. Many community minded volunteers, including AMERICORPS, successfully completed the arduous task of clearing the river for fish passage. A study conducted by Derrick Alcott and Ted Castors-Santos of the United States Geological Survey gained greater insight into herring behavior in and around culverts. Additionally, collaboration with both National Park Service scientists and Rangers provided both valuable information and support. The efforts of all of these parties, contributed to the herring successfully traveling to and from the headwaters of the Herring River system in 2015.

Wellfleet's 2015 herring run officially began on April 11, when the first individual was spotted migrating up the Herring River. With the exception of 2012, recent first sightings of herring have been extremely consistent, all occurring within one week of each other. This year's herring count identified ~18,025 individuals traveling the river to spawn in the system's headwaters of Herring, Williams, Higgins, and Gull Ponds. In the fall months, the young of the year herring began their first migration, traveling down the river and into the sea for their first time. While most juvenile herring have left the Herring River system by early December, schools of these fish were seen at the Higgins Pond side of the sluice-way well into February. In addition, many glass eels were observed this year, with the peak of their run correlating with that of the herring's.

The primary task of the herring warden is to maintain a suitable passage for fish migration to and from their spawning grounds. This year's spring clean-up required a considerable amount of work in the upper reaches of the river, due to debris resulting from heavy snowfall. Both the spring and fall cleanup were a success with the help of 43 AMERICORPS members and many community-minded volunteers. In the coming years, efforts will be focused on the removal of larger impediments in the lower reaches of the river, such as fallen trees.

I would like to thank all who contributed to the success of the 2015 Wellfleet herring run. In the coming year I intend on reaching out to additional members of the community for even greater assistance in the maintenance and stewardship of the river. See you next year.

Respectively submitted,  
Dr. Ethan Estey

## MARINA ADVISORY COMMITTEE

---

The Marina Advisory Committee received reports from the Harbormaster at each meeting on the operation of the Marina. Reports included operational issues, improvements made to the Marina, dredging and the Harbor dredging turtle study. The Committee reviewed Marina matters, made recommendations and provided support to the Harbormaster wherever it could. The Committee also provided opinions and recommendations to the Board of Selectmen. The Committee was always available to hear and consider comments and policy input from the public on Marina issues.

The Marina Advisory Committee monitored the efforts being made to dredge the Harbor on an ongoing basis and maintained contact with the coordinators of possible funding sources for dredging. A Committee meeting on dredging was held with the Town Administrator and Selectmen for a presentation on Harbor dredging by the chief engineer from the state Division of Conservation and Recreation. Committee members contributed to the effort to develop community support for dredging. The Board of Selectmen created a Dredging Task Force and the Marina Advisory Committee chairman serves on that committee. The Committee will be assisting with a plan to promote letter writing advocacy by residents to secure funds for dredging.

A review and revision of the Marina mooring regulations was an ongoing project that the Marina Advisory Committee worked on throughout the year. This effort included meetings with and receiving input from the Harbormaster and his staff, the Town Administrator, the Board of Selectmen and the public. The final document was approved by the Board of Selectmen and is now part of the Marina Rules and Regulations.

Committee members assisted with the successful Wellfleet Rowing Rendezvous event.

The Committee wishes to thank all of the Marina users and residents who support the Marina and continue to contribute to the considerable challenge of securing funds for Harbor dredging services.

Respectfully submitted,

Joseph Aberdale	Chairman	David Stamatis
Walter Baron	Vice-Chairman	Martha Wilson
Alice Iacuessa	Secretary	John Wolf
Frederick Felix		
William Iacuessa		
Ned Hitchcock		

The year 2015 started out very quietly as the weather was mild for the first part of January, but things soon changed and dispelled the long believed assumption by many old fishermen that if there is no ice by Christmas, it will continue to be a mild winter and there won't be any damaging ice. The middle of January however, saw our weather pattern change with the jet stream zeroing in on Boston and the Cape resulting in one of the snowiest winters on record. It seemed like every other day we saw snowfall which kept the Marina snow removal team very busy. So busy that our dock building project had to be put on hold as there wasn't enough space to build them. If this wasn't bad enough, the Naviator, a fixture in Wellfleet Harbor for many years, sank in the ice on January 15<sup>th</sup>. The Harbormaster Department teamed up with a crew from Wellfleet Marine Corp and raised the vessel and secured it to the bulkhead. Here it has been for close to a year as the owner has walked away from his responsibilities and left the burden and expense of its removal on our department. If all the Abandoned Vessel paperwork goes through, we expect to obtain the title and have it removed by the end of January.

As stewards of Wellfleet Harbor, the Harbormaster Department assisted many private, state and federal entities in studies and or research pertaining to our Harbor this year. They included the Atlantic White Shark Conservancy, WHOI, USGS, USDA, and Center for Coastal Studies, whom we assisted in deployment and retrieval of receivers and monitoring equipment, for great white sharks, marine mammals, horseshoe crabs, eiders, and the bathymetry studies of our Harbor, respectively.

Dredging was a hot button topic this year as we continue to try to get our Marina dredged. Last dredged in 2002, the siltation of our channels continues to increase and becomes more noticeable year to year with navigation being restricted for up to four hours around low tide. From a public safety standpoint, this is unacceptable as this Department is unable to respond to water emergencies around these times. In an effort to get on the fast track, a Dredging Task Force was formed and has made substantial progress in moving this project forward. Members include Paul Pilcher, Harry Terkanian, Don Palladino, Michele Insley, Joe Aberdale, and me. I have known for many years the complexities involved in getting a dredging project for Wellfleet, as the permitting alone is one of the most difficult permits to acquire, not to mention the difficulties in obtaining the funding. The creation of this group is definitely a positive step toward seeing this project come to fruition. The work continues.

Revenues generated at the Marina saw a decline for the third year in a row which has been very disheartening, but not unexpected. I feel that this has been not only the result of our slumping economy, but can also be attributed to our lack of dredging and the high price of fuel. With the current low price of fuel, we hope to see

our Marina Enterprise Fund revenues rebound as boating becomes more affordable to all, especially the recreational user.

In an effort to keep our rules and regulations up to date and to simplify things, the Marina Advisory Committee has worked hard this year to consolidate our mooring and Marina regulations into one easily read document. This document, which was approved by the Board of Selectmen, is a more professional compilation of our old regulations and is a living document which will easily be maintained and amended in the future.

I sadly acknowledge the passing this year of several users and friends of the Wellfleet Marina. They are: Diane Thomae, Richard Tesson, Ernie Rose, Duch Crowell, Tom Reinhart, and my mentor Glenn Shields who was Harbormaster for 13 years. All will be missed.

Respectfully submitted,

Michael Flanagan, Harbormaster

---

## MAYO CREEK RESTORATION COMMITTEE

---

The Mayo Creek Restoration Committee (MCRC) was established by the Board of Selectmen in 2014 to study the feasibility for tidal restoration of the Mayo Creek salt marshes.

Work in 2015 has been directed towards creating a practical plan to achieve this goal.

The Committee continues to find that there is a strong environmental case to proceed. Salt marshes are critical components of healthy estuarine systems. Because of past diking and drainage, the outflow from the marsh today is high in nitrogen and coliform bacteria, both of which pollute estuaries. Mayo Creek itself is nearly devoid of life expected in functioning tidal creeks, such as forage fish. Mayo Creek discharges into Wellfleet's inner harbor, which is degraded by restricted tidal flushing and

increased nutrient loading. Thus, restoring Mayo Creek would be particularly beneficial to the myriad uses of the harbor.

Since tides were blocked from Mayo Creek in 1909, fill has been added to much of the original marsh surface, both before and perhaps after laws protecting wetlands were enacted in the 1970s. A large fraction of this fill has been developed for housing, a boatyard and other commercial interests and Baker Field. We seek to cause no harm to this development in the restoration; however, there are three main concerns:

☐ Drinking water wells: Many of the abutting properties have Town water. The other properties have wells which are protected by being screened deep in the underlying fresh water lens and, in many cases, under a thick layer of clay. We have installed a monitoring well and continue to dialog with abutters about this issue.

☐ Marsh tidal levels: We have completed some additional field surveys of the lowest lying abutting parcels. To avoid any flooding of existing low structures, tidal restoration must be limited to about 20 acres out of approximately 75 acres which existed before 1909. Preliminary water level monitoring indicates that occasional ponding on developed fill is due to poor drainage, and not flooding from Mayo Creek.

☐ Groundwater: An increase in mean tide levels in a restored marsh would increase groundwater levels in abutting properties. This may cause a loss of efficiency in septic operation. Groundwater monitoring stations have been installed at key marsh– side locations. In order to assure no harm, we are exploring a culvert redesign, with a tidal control gate, to allow both the 20–acre restoration and a lower mean tide level, protecting adjacent wastewater systems. The tidal gate would permit controlling the restoration using the principles of adaptive management.

In 2015, we plan to complete this technical work and proceed to apply for permits by filing a full Notice of Intent under the Wetlands Protection Act and Wellfleet Environmental Bylaw.

Respectfully submitted,

John Riehl, Chair, Walter Baron, Vice– chair, Jacob Puffer, John Portnoy,  
Patrick Winslow

## NATURAL RESOURCES ADVISORY BOARD

---

Another busy year for the Natural Resources Advisory Board (NRAB) in 2015:

**CLIMATE CHANGE:** The main activity of NRAB in 2015 was to complete a draft of a Climate Change plan. The plan takes a long term look at effects of climate change on the harbor and ponds. Recommendations deal mainly with a strategy of adaptation, to minimize the consequences of inevitable increases in global temperatures.

The main recommendation is to continue with the Town's strong environmental programs, ensuring a robust, diversified environment that can best resist the changes that are coming. We also call for strong political action to reduce future risks.

**PONDS:** The publication of the Ponds Management Plan in 2011 has allowed NRAB to directly support the work of the Town Beach Administrator and the Cape Cod National Seashore in helping to preserve Wellfleet's great and small ponds. Key steps have been taken to redesign and re-vegetate Town landings at Gull and Duck ponds. In both locations, improvements in erosion control and crowd management are evident.

**FISHERIES ISSUES:** NRAB has continued to advocate for protection of threatened fish populations necessary for a healthy harbor environment. Menhaden and River Herring are the key species. We continue, along with many others, to petition for action by the Atlantic States Marine Fisheries Commission and the Mass Division of Marine Fisheries (DMF).

**DREDGING:** For many years, NRAB has been concerned about the effect of undredged sediments on the health and outlook of the inner harbor. These have built up to the point that conventional dredging must take place. NRAB is looking at the feasibility of two options that might reduce future dredging needs: upstream pumping and inner harbor reconfiguration.

**FOR 2016:** Not completed in 2015 was a Town report of Coastal & Pond Access. It is a priority for 2016. We also note that the Town has not yet received a Mass Estuaries Project (MEP) report on nitrogen risk to the harbor. Many harbor projects await this report.

Respectfully submitted,

John Riehl

## SHELLFISH ADVISORY BOARD 2015 ANNUAL REPORT

---

The Shellfish Advisory Board met eight times during 2015. A major focus was the arrangement and height of aquaculture gear and the overwintering of shell fishing gear.

The SAB recommended to the Board of Selectmen that aquaculture equipment height and arrangement regulations be changed to allow metal equipment no higher than 18” above grade and plastic or flexible equipment no higher than 24” above grade. The BOS approved the recommendation.

In an effort to support the Shellfish Departments enforcement of the overwintering policy the SAB recommended adding an overwintering agreement to the regulations.

The SAB contributed to the effort to have Wellfleet Harbor dredged by writing a letter of support and having members speak at the Special Town Meeting. The SAB also undertook to create new and effective ways to alert boaters to the presence and location of shell fishing grants by creating a map and warning blurb. The map and blurb will be on the Town website, in the Annual Report, the Chamber of Commerce brochure. It will also be given to boat rental businesses and to those applying for mooring permits or paying for boat ramp use. Signage at Town landings will be repaired or added.

Friends of the Herring River Project presented the conceptual design for the bridge at Chequessett Neck Rd. The SAB recommended that the BOS support the conceptual design and included a letter suggesting that the design include access on the east side of the bridge.

Other issues taken up during 2015 included a campaign to design and produce a poster depicting the economic and ecological benefits of shell fishing in Wellfleet, branding Wellfleet Oysters, the Blood Ark catch– limit, a Wellfleet Harbor Finfish Study, a Wellfleet Harbor Benthic Study and continuing cultching of the Harbor. The SAB held its annual beach clean– up at Mayo Beach on Saturday, May 2<sup>nd</sup>.

Members: Barbara Austin (chair), Zack Dixon, John Duane, Jim O’Connell, Jacob Puffer, Tom Siggia and Rebecca Taylor

Outgoing members Helen Wilson, Joel Fox and Barbara Brennessel. Thanks for your service!

Respectfully submitted,

Zack Dixon

## SHELLFISH DEPARTMENT

---

As 2015 arrived we were already in the middle of one of the worst winters Cape Cod has ever seen. Several blizzards, strong winds, and record low temperatures put a stop to productive shellfishing in the Harbor. Many days were closed to fishing due to low temperatures and because the ice had blanketed the Harbor, fishermen could not reach the shellfish when temperatures subsided. Icebergs formed in the Harbor and the icebergs got so big that people from all over New England were visiting Wellfleet to see this rare spectacle.

When March arrived the ice finally left the harbor and fishing finally was back to normal. However, it was quite clear that the brutal winter had taken its toll. Areas which are normally highly productive in summer months were decimated from the icebergs and low temperatures and many fishermen were forced to go into other fisheries or other occupations to make a living. Things did not get better until fall when Chipman's Cove opened and we saw a decent harvest. On December 1st Duck Creek opened which allowed fishermen a nice harvest before the holidays arrived.

Scalloping opened in October and a few draggers were able to haul some decent catches along with blood clams, quahogs and oysters. This year the Shellfish Department spread cultch once again which had a very nice set of spat attached to the shells. The large set looks good for a healthy stock of oysters in the future. We also grew and transplanted 500,000 quahog seeds throughout the Harbor. Our department dealt with our normal amount of violations, however none were extremely serious.

We received a good report back from the Department of Marine Fisheries on our efforts enforcing the Vibrio Management plan.

2015 will go down as one of the worst winters and shellfishing in Wellfleet history. Hopefully we can look forward to a productive 2016.

Respectfully submitted,

Andrew Koch  
Shellfish Constable

## BARNSTABLE COUNTY IT SERVICES

---

Since July of 2012, the Barnstable County IT Department (BCIT) has provided the IT services & support for the Town of Wellfleet under the direction of the Wellfleet Town Administrator. Services include on-site tech support multiple days per week, full-time access to Help Desk support, project management, procurement assistance and 24/7 critical incident response. With the resources of the entire County IT department available to the Town, many long-standing IT issues have been resolved, while many new projects have entered the planning and design phases. The Town of Wellfleet has undertaken some major IT advancements, initiatives and projects across town throughout FY15 including:

- Microsoft Office software licensing across all Town departments.
- (8) new Dell Windows 7 workstations deployed to Wellfleet Library for public use with current MS Office 2013 Suite installed.
- Town-wide upgrade of all town computers from Windows XP operating system (no longer supported by Microsoft) to Windows 7 operating systems.
- Town-wide WiFi system with 25 new access points, allowing for a Private secured wireless network for town employees and an “open” Public network for visitors.
  - Eight of the wireless units installed for the Library specifically, allowing for robust public internet access.
  - Coverage for Town Hall vicinity, Marina and Harbor business area; in addition to DPW building, Fire and Police campus and Council on Aging.
- Wireless Wide-area Network interconnecting the Marina with the public safety buildings and Town Hall, allowing for the cancellation of two Comcast connections there.
- Completed updating of town-wide anti-virus software to current version levels along with centralization of anti-virus management.
- Marina, Town Hall, Police, and Fire buildings have been interconnected via town-owned fiber optics and microwave wireless, with DPW to be connected in the coming weeks.
- Interconnected buildings are now sharing a high-speed Internet connection from CapeNet provided via the OpenCape fiber optic network. Remainder of town buildings to be cut-over in the coming year(s).

Barnstable County IT Department looks forward to further IT progress and collaboration with the Town of Wellfleet in the future.

Respectfully submitted,

William Traverse  
Director of Information Technology

## BEACH PROGRAM

---

2015 was a busy and profitable year for the Wellfleet Beach Program. Between May 1, 2015 when we began to process *Stickers by Mail* and Labor Day, our revenue at the Beach Office was \$802,888. White Crest generated \$196,669 and Cahoon Hollow \$29,840 for a grand total of \$1,029,397.

The Wellfleet Beach Program staff made it all possible for people to enjoy the beaches safely and with the least amount of stress. The lifeguards, the parking lot personnel and the Beach Office staff work closely with the general public, take on all the questions and problems and issues and manage to do so in a professional manner and I am very proud of them.

Thanks also go to the Wellfleet DPW, the Wellfleet Police Department and the Wellfleet Fire and Rescue. Their assistance and back up make the Beach Program possible.

*Photo by Jesse Frazier*

## BOARD OF WATER COMMISSIONERS

---

During 2015 the Board of Water Commissioners explored options for updating the 12– year old Master Plan and began to identify a sustainable financial model. Maria Sol Ucciani, a graduate student from the Tufts University Department of Environmental Engineering worked with the Board to complete her master’s project. This project was based on the Wellfleet Municipal Water System, specifically, water system modeling and cost estimation.

Long– planned staffing changes took place in early March and the Wellfleet Municipal Water System is now staffed by Michaela Miteva, Manager, and Miriam Spencer, Clerk. WhiteWater, Inc. continues to be the Water Operator.

The Board handled maintenance and painting issues relating to the water storage tank on Lawrence Rd.

In the fall the Board of Water Commissioners learned that Outer Cape Health Services (OCHS) is facing significant challenges from Massachusetts Department of Environmental Protection requirements. OCHS is considered a public water supplier, but does not have access to the Wellfleet Municipal Water System. The Board is trying to identify funding sources and work toward a new expansion of the Water System to connect Outer Cape Health Services via Briar Lane and Route 6.

Board of Water Commissioners: Justina Carlson, Chair; Neil Gadwa, James Hood, Catharie Nass, and Hannelore Vanderschmidt.

Respectfully submitted,

Justina Carlson, Chair  
Board of Water Commissioners

## BUILDING AND NEEDS ASSESSMENT COMMITTEE

---

The Committee usually meets at 6:30 pm on the second Monday of the month. The business before the Committee sometimes required us to vary that schedule, in order to accommodate department heads and members of firms that submitted proposals to provide professional services for the Town.

In June the Board of Selectmen adopted a policy that charged the committee, along with the Town Administrator, the Chief of Police, and the DPW Director, to serve as the Building Committee for the Police Station renovation and reconstruction project.

The Selectmen's policy requires that during the design and construction phases of the project, the members of the Building and Needs Assessment Committee will conduct monthly meetings with the Project Manager and the Architect, advise the Town Administrator, the Chief of Police, and the Board of Selectmen on the performance of the work of the Project Manager and the Architect, report the results of the monthly meetings to the Board of Selectmen and address any questions or concerns of the Selectmen at the Selectmen's meetings.

In October and November the committee reviewed the applications of seven firms to provide Owner's Project Manager services for the Police Station; selected three finalists; conducted interviews; and made our recommendation to the Town Administrator.

The committee expects to review architects' applications to provide designer services for the Police Station; select finalists; conduct interviews; and submit our written recommendation to the Board of Selectmen, as required by statute, before the end of March, 2016.

The committee looks forward to working with the Town Administrator, the Chief of Police, and the DPW director to bring the Police Station project to its successful completion.

The committee thanks Mr. Harry Sarkis Terkanian, the Town Administrator, for creating an open and inclusive process for managing municipal building projects.

Respectfully submitted,

Hugh L. Guilderson, Chair  
Sean Donoghue  
Jay Horowitz

## BUILDING DEPARTMENT

---

The Building Department issued a total of 532 Building Permits for the year 2015. This total is 81 permits less than the previous year. This decrease is also reflected in the totals for Plumbing, gas and Electric permits. The end of the Solarize Wellfleet program may have had an effect on Electrical Permit totals. We did have 22 new single Family Home Permits which is 2 above last year's total.

I hereby submit the following totals for 2015:

Total Building Permits: 532

Total new Single Family Home permits: 22

Total value of all Building Permits: \$21,171,274.76

Total fees collected on all Building Permits: \$122,213.71

Total Plumbing Permits: 202

Total Plumbing Permit fees collected: \$20,370.00

Total Gas Permits: 217

Total Gas Permit fees collected: \$16,450.00

Total Electrical Permits: 345

Total Electrical Permit fees collected: \$34,740.00

Once again I would like to thank the office staff for their constant help throughout the year.

Respectfully submitted,

Richard Stevens

Building Commissioner

## CAPE COD REGIONAL TRANSIT AUTHORITY

---

The Cape Cod Regional Transit Authority (CCRTA) has provided in Wellfleet 7,366 one– way passenger trips from July 2014 through June 2015 (FY15).

CCRTA provided 46 general public clients in Wellfleet with DART (Dial– a– Ride Transportation) service during FY15. These clients took a total of 1,474 one– way passenger trips during this time period. Total DART passenger trips in the fifteen towns of Cape Cod were 220,637 in FY14 compared to 232,437 in FY15.

CCRTA FY15 records for the Boston Hospital Transportation service indicates 29 Wellfleet residents took 190 one– way trips on this service.

The deviated fixed route Flex serves the towns of Harwich, Brewster, Orleans, Eastham, Wellfleet and Provincetown. A total of 5,702 one– way trips originated in Wellfleet for the Flex route for the period July 2014 through June 2015; total ridership for the Flex for this period was 76,538.

Route maps, schedules, fares, Google Transit Trip Planner and the latest news about Cape Cod public transportation services are provided at [www.capecodrta.org](http://www.capecodrta.org), as well as links to many other transportation resources.

## COUNCIL ON AGING

---

The Wellfleet Senior Center continues to serve as an activity center and as a support center for the seniors living in Wellfleet. One of our annual responsibilities is to track how many people come through our doors and for what purpose. We also track telephone assistance and home and nursing home visits, as well as van transportation for medical appointments, for shopping, and on Thursdays, Wellfleet Days, we provide transportation to and from Iris’s Café, the Post Office, Wellfleet Outer Cape Health and the library for those who no longer drive.

Until January 1, 2015, the record keeping was done on paper. This year, using funds from our Gift Account, we purchased a software system called MySeniorCenter.com. Every senior age 60 and over, listed on the Wellfleet Street Census, can be issued a key tag to use when they enter our building. Once they swipe it, the computer monitor brings up all activities happening that day and they can touch one or more. At the end of each year, the software generates an Annual Report that we can send to the Executive Office of Elder Affairs to apply for our annual Formula

Grant. For every person age 60 and over listed in the most recent Federal Census, we receive \$9.00.

As of 2015, Wellfleet’s median age is 62.2 according to Barnstable County so it is very important that we keep accurate records to qualify for grant funding from the Commonwealth. For example, in 2015 we had **336** seniors who participated in activities, exercise, luncheons, health clinics, van rides etc. a total of **7771** times. This is a big step forward for the COA to assist in planning and obtaining grant funding.

**1/1/2015 through 12/31/2015**

<b>Activity Type</b>	<b>Duplicated</b>	<b>Unduplicated</b>
<b>Events</b>	6564	280
<b>Rides</b>	1023	55
<b>Services</b>	184	62
<b>Total Seniors Served</b>	<b>7771</b>	<b>336</b>

---

DEPARTMENT OF PUBLIC WORKS

---

In addition to normal maintenance and service, we have worked on or completed the following projects over the past year:

- Paving was completed at Ocean View Drive, Chequessett Neck Road and Village Lane.
- Utilized \$37,426 grant through the Winter Recovery Assistance Program. These funds were used to assist the department with winter damage to town roads.
- Continued roadside brushing and basin cleaning program.
- Outreach and inspections of private paved roads continue with DPW, Fire Chief and Police Chief, for future snow plowing operations and emergency access.
- The department again made the effort to maintain beach access at Newcomb Hollow, Cahoon Hollow, White Crest Beach and Maguire Landing.

- Responded to 25 snow and sanding events.
- Attended Joint Transportation Committee meetings regarding the Route 6 and Main Street intersection.
- Facility improvements include, replacing roof shingles at Town Hall, replace storm damaged rain gutters on the DPW building, repaired and painted trim on the Library.
- Through a Green Communities Grant, the town of Wellfleet, Cape Light Compact and Rise Engineering are designing and funding various energy saving projects around town owned buildings. For example: new propane boiler and air conditioning at Town Hall; infrared heat and propane boiler at public works; new heat circulating pumps at Town Hall and the elementary school. Work is approximately 50% complete.
- Continued improvements were made at the Transfer Station including the construction of a new gate house and the replacement of two recycling compactors.
- For our efforts in recycling compact fluorescent bulbs, thermostats, mercury switches and blood pressure cuffs, we received a reimbursement for \$563.00 from SEMASS.
- Pay As You Throw at the Transfer Station successfully continues, reducing solid waste and increasing recycling. Wellfleet recycled and composted over 1000 tons of material during the past year.
- Applied for and received a \$6,400 Sustainable Materials Recovery Program Grant and \$750 Small Scale Grant from MassDEP.
- Assisted Fire Department in establishing access the Marconi fire hydrant.
- Assisted with new playground construction at the COA
- Attended Barnstable County Public Works Association meetings. This past year Mark Vincent was appointed Vice– President of the association.
- Attended Herring River Restoration Project meetings.
- Performed a range of tasks prior, during and after Oysterfest weekend.
- This year we would especially like to thank Dale Smith for his 18 years of service to the DPW and the community and congratulate him on his retirement.
- We would like to thank the residents of Wellfleet for their cooperation this past winter.

Respectfully submitted,  
 Mark Vincent, Director

**“We all Need a Place to Call Home.”**

The purpose of the **Local Housing Partnership** is to help create and support affordable housing for all the citizens of Wellfleet – including working people, seniors and families – by:

- Coordinating efforts with other Town Committees such as Planning, Zoning and Open Space;
- Informing and educating folks about issues that promote the development of affordable housing;
- Raising money to fund affordable housing solutions;
- Supporting the efforts of the **Wellfleet Housing Authority**.

Wellfleet’s many assets have created a difficult housing market. There is a shortage of affordable year– round rental and home ownership opportunities for people who are vital to our local economy and who provide critical community services – *our teachers, policemen, fire fighters, other town employees, fishermen, artisans and small business and service employees*. Plus, some *seniors can’t afford to stay in their homes* while their children and other *young families can’t afford to stay in, or move to, Wellfleet*.

An *ad hoc* group made up of representatives from Wellfleet’s **Council on Aging**, the **Selectmen**, the **Partnership** and the **Housing Authority** conducted an online survey to determine the support for building **Senior Housing**. Although the survey showed considerable interest in the idea, the group, after meeting several times, including sessions with state experts, concluded that it was **not financially viable for Wellfleet to develop its own Senior Housing**.

The **Partnership** completed the design and production of a colorful new ***Affordable Housing Brochure*** with funds provided by a ***Community Preservation Act*** grant. This December, working with the **Housing Authority**, we mailed the brochure to people in Wellfleet in order to garner their support for affordable housing efforts as well as asking for **donations to the *Town’s Affordable Housing Trust Fund***.

The **Partnership**, again working with the **Housing Authority**, submitted an application to the **Community Preservation Committee** for \$260,000 to fund two additional **Buy Down** grants. The Buy Down program has been our most successful effort to promote affordable home ownership by providing money to help qualified buyers purchase existing homes that are then deed restricted. We have already made three such grants – **two shellfishermen and a local teacher**.

The Buy Down program was approved by the **CPC**, the Selectmen and then by the voters at the Spring 2015 Town Meeting. After the funds became available, we worked with a local housing attorney to further refine our program and then submitted it to the **State's Department of Housing and Community Development for approval**. This process should insure that our Buy Down program is compliant with the necessary regulations as well as providing Wellfleet with additional legal protections. We are awaiting approval and hope to roll out this iteration of the Buy Down early in 2016.

In November 2015, the **Partnership** and the **Housing Authority** submitted another application to the **CPC** – this time for \$50,000 for a **Housing Expert** to help us bring to fruition many of the projects that we have been working on for years. We hope to **partner with Truro** on this effort, which has submitted a similar proposal to their CPC. We believe there is considerable synergy between our two Towns and we hope to share costs as well as look for common solutions. At the time of this report, our application is being considered by the CPC.

**Local Housing Partnership** Members: Gary Sorkin, Judy Taylor, Janet Reinhart, Bruce Hurter, Steve Durkee, Paul Cullity, Barbara Knapp and Robert Dubeau.

## RECREATION PROGRAM

---

The programs of the Recreation Department continue to grow and thrive. The introduction of the Adult Pickle Ball Program has been a popular addition to the activities offered.

Programs and Activities Facilities under the Auspices of the Recreation Department:

- Recreation soccer grades K– 8, September– first week in November
- Recreation basketball grades K– 12 Jan– March
- Recreation baseball grades K– 10, April– June
- Recreation softball grades K– 6, April– June
- Oyster Festival Road Race /tennis round robin (Weekend after Columbus Day)
- Billingsgate basketball tournament St. Patty’s Day Weekend (35 teams 400 participants)
- Wellfleet Skateboard Park
- Open gym basketball Thursday nights Nov– June for high school through adults. Adult 4 on 4 league.
- Group tennis instruction grades K– 5 spring and fall
- Red Cross Gull Pond swimming instruction toddlers– junior lifesaving seven weeks July and first two weeks in August.
- 35<sup>th</sup> annual July 4<sup>th</sup>, 5 mile round race and 1.2 mile kids race July 4<sup>th</sup> weekend. (approx. 450 runners)
- Morning recreation camp program 7 in July and August, and extended recreation 9AM– 3PM option for working parents
- Music at Mayo concert series
- 14 concerts in July and August
- Eight Square Dances in July and August
- Theatre productions at the tent July and August
- Yoga instruction on the beach July and August
- Art instruction for children and adults July and August
- Challenger sports British soccer camp 3<sup>rd</sup> week in August
- Annual Skateboard competitions/fundraiser and barbeque
- Soccer jamboree and barbeque
- Annual Halloween parade Saturday before Halloween
- Annual Easter egg hunt Saturday before Easter
- Christmas Tree Lighting Ceremony and festivities

### Leagues and Events Supported by Wellfleet Rec.

Brewster Little League ages 8– 12

Lower Cape Babe Ruth Baseball League ages 13– 15

(Wellfleet team plays at Baker Field)

Boogie By the Bay, Music food and craft festival

Cape Cod Bay Challenge fundraiser for Christopher’s Haven after party.

The Wellfleet Recreation Department would like to thank all the coaches/volunteers that give so generously of their time to the youth of our community and to the residents of Wellfleet for generously supporting recreational opportunities for all citizens!

Respectfully Submitted,

Rebecca Rosenberg, Recreation Director

---

---

## RECYCLING COMMITTEE

---

---

The Wellfleet Recycling Committee and the recycling community accomplished a lot in 2015.

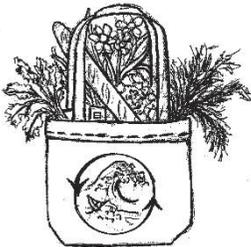

- Plastic Shopping Bag Reduction Bylaw: Annual Town Meeting voters approved the bylaw – – effective January 1, 2016 – – that will phase out single– use plastic shopping bags at Wellfleet retailers, markets, and restaurants. Wellfleet was honored with a *Heroes of Our Oceans* award and citation from State Representative Sarah Peake at the Massachusetts State House awards ceremony sponsored by the Sierra Club, Women Working for Oceans, and the New England Aquarium.
- Ocean Plastic Pollution: Led by Lonni Briggs, the RC received a Wellfleet Cultural Council grant for a 5 Gyres marine plastic *Solution Kit*. The 5 Gyres Institute is dedicated to researching ocean gyres throughout the world and empowering citizens to become leaders in combating the global health crisis of plastic pollution. In fall 2016 the RC will host leaders and scientists from 5 Gyres for a series of lectures, workshops, and beach cleanups that will engage the community to promote solutions for cleaner oceans. [5gyres.org](http://5gyres.org)
- Choose to Reuse: Our 'Community Cutlery' program loaned non– disposable stainless steel forks, knives, spoons and set up composting stations at events including Wellfleet Elementary School's Famous Spaghetti Supper (service for 400) and the Wellfleet Historical Society's annual Strawberry Festival; also loaned to local potluck dinners, birthday and Thanksgiving parties large and small.

- Furniture Swap: co- sponsored with Cape Abilities 'Furniture Rescue and Restore' program
- A 'Carry In Carry Out' educational decal aimed at reducing trash disposal at the ocean beaches. We worked with a Wellfleet graphic designer and Hyannis- based printing company.

We welcomed new members Robin Slack and thanked outgoing member Erin Mitchell for her work on the Recycling Committee. Special thanks go to Tracey Barry Hunt for her leadership as co- Chair and to recycling partners including the Town Administrator's Office, DPW, Swap Shop volunteer coordinator Roland Blair and all the Swap Shop volunteers, AmeriCorps Cape Cod, Cape Cool/Friends of the Dump, Arrana Ashton/Cape Cod Coastal Cleanup, Massachusetts CoastSweep, and Wellfleet's Chamber of Commerce, Energy Fair, and Farmers Market.

Respectfully submitted,

Bethia Brehmer, Lonni Briggs, Tracey Barry Hunt (co- Chair), Jaya Karlson, Catherine Myers (Secretary/Treasurer), Andrea Pluhar (Vice - Chair), Jane Sharp, Robin Slack, Charles Thibodeau, Lydia Vivante (co- Chair)

*Illustrations. left to right: Brehmer Graphics, Wellfleet Chamber of Commerce, Karie Sullivan Design*

## VETERANS' SERVICES

---

To the Honorable Board of Selectmen and the Citizens of the Town of Wellfleet:

The following report is of the activities of the Department of Veterans' Services for Calendar Year 2015. Our duties are categorized in two basic areas: Benefits and Services.

### Commonwealth Low– income Benefits:

This program is covered and authorized under Massachusetts General Law Chapter 115. It provides financial assistance to honorably– discharged, veterans who establish need and worthiness and are residents of the Town of Wellfleet. During the year the Town, through our office, extended benefits to qualified veterans totaling \$8,800 for housing, food, heat, medical and other related costs. The amount expended was reimbursed to the Town by the Commonwealth at a rate of 75% of total expenditures.

### Federal Benefits and Services:

We assisted veterans and their dependents in obtaining federal, state and local benefits under the broad umbrella of the Department of Veterans Affairs. These services included payments for service– connected disabilities, pensions, education, medical, burial, medals and records. During the year, this office assisted in obtaining \$516,259 in cash payments for service– injury compensation and pensions for Wellfleet veterans and their dependents. These benefits greatly reduce the need for the Chapter 115 benefits noted above.

### Contact Information:

Our objective is to be a one– stop center for all of the benefit needs of both veterans and their spouses and our staff works very hard to meet that goal. We are anxious and willing to assist with claims and information for the full range of available services.

We encourage any veteran or dependent of a veteran to contact our District office at 1– 888– 778– 8701 Monday through Friday from 8:30 AM to 4:30 PM. We can also schedule appointments in our Provincetown office (508– 487– 7099) on Tuesday and Thursday mornings or in our Harwich office (508– 430– 7510) Tuesday through Thursday.

We would especially like to thank the Town Administrator and Town Accountant for their outstanding assistance and support throughout the year.

In the Service of Veterans,

Edward F. Merigan, District Director and Veterans' Agent; Robert Schultz, Wellfleet Service Officer; Wilfred Remillard, Lower Cape Service Officer

## WELLFLEET HOUSING AUTHORITY

---

We all want to keep Wellfleet the town we love – with a vital town center and harbor, great cultural venues, independent and creative businesses, a critically needed health center, beautiful beaches and ponds, and by– laws that protect our resources. Many of the people who keep all these essential and desirable services running are the very people who need a place to live that they can afford.

The goal set by the State, to insure that a community provides housing opportunities for all residents, is to have 10% of year round homes be affordable. What does that mean for Wellfleet? According the U.S. Census, there are 3902 housing units in Wellfleet. Of these, 1280 units are occupied year round and 2460 are occupied seasonally. We need 128 affordable units to meet the State goal, but, more importantly, to assure the ongoing vitality and health of our community. We currently have 34 affordable units. We must find a way to come together to provide more.

Projects in the works, with hopes for completion in 2016, include three homes to be built on three acres by Cape Cod Habitat for Humanity, six condominium units to be built on Gull Pond Road and two Buy Downs. Plans will also be advanced for small rental developments on Paine Hollow Road and on Rt. 6. Homeowners are encouraged to help by creating an Affordable Accessory Dwelling on their property, which comes with a tax break for the property owner.

The WHA and Local Housing Project (LHP) worked diligently on an application to the Department of Housing and Community Development (DHCD) to have our Buy Down Program authorized by the State and also submitted a Community Preservation Act grant application for a part– time housing specialist to help move projects forward. Across the State, communities who have access to the expertise of housing specialists have been more successful in meeting their housing needs. Wellfleet is also participating in a newly formed Outer Cape Housing Working Group.

After many years of hard work and creative thinking about affordable housing for Wellfleet, Judy P. Taylor stepped down from the Housing Authority. We are deeply grateful for her service and relieved that she will continue as a member of the LHP.

At year's end, the informational brochure about the work of the LHP and WHA was mailed out to all property owners along with a letter encouraging donations to the Wellfleet Affordable Housing Trust Fund. Within the first week we were thrilled to receive a number of donations from year round and seasonal residents alike. These donations are put to work to help make our ownership and rental projects the best they can be, creating and sustaining permanent, quality, modest, energy efficient homes that we can all be proud of and that young families, our workforce, and our seniors can call home. Working together we can build a strong, secure, resilient and sustainable future for Wellfleet.

Respectfully submitted,

Elaine McIlroy, Chairman, Richard Ciotti, Martha Gordon,  
Sarah Pechukas Slivka, Gary Sorkin

## LIBRARY

---

2015 was a year of change for the Wellfleet Library. First, Elaine McIlroy, Library Director for the past 34 years retired. She was celebrated widely, as she accomplished so much during and touched so many lives during her many decades with the library. Jennifer Wertkin was hired as the new Director in late December of 2014 and began work on February 23<sup>rd</sup>, 2015.

Additionally, we celebrated the retirement of long time Video Coordinator, Betsy Williams. We are looking forward to seeing what exciting things come next.

Our collection has undergone some change as well. In addition to maintaining our print and video collections, we have added several electronic subscriptions that provide learning and entertainment such as digital magazines, free music, streaming films, ebooks, and foreign language learning (for more information, please view the “Cool Tools” tab on the library’s home page). These features have been very successful with both the year– round and summer populations. Additionally, the CLAMS library system joined the Commonwealth ebook collection – a service that includes electronic books, documents, and research systems. The library also has digital subscriptions to such publications as The New York Times, The Boston Globe, and the Cape Cod Times. Our patrons – both near and far – can enjoy “using” the library at any time.

The library has remained unchanged in one area – this year the library has once again received the prestigious “five star” rating from *Library Journal*!

I am thrilled and honored with the warm reception I have received from the staff, the Trustees, the Friends of the Library, and the Wellfleet community. It has been a wonderful first year.

## WELLFLEET PUBLIC LIBRARY BOARD OF TRUSTEES

---

---

This year has been an especially memorable one for the Wellfleet Library. Elaine McIlroy retired in February after 34 years as Library Director. She was honored by more than 350 attendees at her retirement celebration in March. The Trustees and the community paid tribute to her and wished her a long and happy retirement.

Our new Library Director, Jennifer Wertkin, has provided energy, vision, and leadership in carrying on the excellence in library services Wellfleet has come to expect. In point of fact, the Wellfleet Library has again been awarded the highest rating of five stars by *The Library Journal*; one of only ten libraries in its funding category in the United States to be rated as such.

Over the course of 2015, there were 451 library programs for children and 349 programs for adults. Attendance at programs was exceptional. There are 10,619 people with current library cards. This number includes residents, part-time residents and summer visitors. Over 100,000 people came through the doors of the Library this year. These numbers show how important this Library is to the community and how much it is used.

A trustee-appointed Space Committee began its work in October to further one of the goals of the current Wellfleet Library Long Range Plan. This committee will study options available for transforming the former video studio/office into a flexible space with a range of uses that will provide for increased community engagement. The group will be meeting throughout the coming year and will report its recommendations to the Board of Trustees at the appropriate time.

The Wellfleet Library is fortunate to have the support of a generous and dedicated community. The Library Board of Trustees wishes to thank the Town, the Friends of the Library, the library staff, volunteers, and donors to the Wellfleet Library Fund. Their contributions have a vital impact on the library's service to patrons and on its future growth.

Respectfully submitted,

Reatha Ciotti, Chair

## CABLE ADVISORY COMMITTEE

---

In mid- 2015, the Town decided on a vendor to provide and install television production and cablecast equipment for the Wellfleet Town Channel. Cameras and recording equipment were located in the COA main meeting room while Channel 18 cablecasting equipment was located in the Library's former video editing room. The primary purpose of this equipment is for the recording and playback of Town government and civic affairs programming, including presentations by the Wellfleet Forum and similar programs. When completed, Wellfleet cable TV subscribers will be able to watch programs on Channel 18 while those with a broadband internet connection will be able to view programs "on demand" on their computers, any time of the day from any place that has broadband internet. For instance, current or past Board of Selectmen's meetings could be viewed on the internet when the system goes online in 2016. Look for more information as the project comes on line.

None of this is paid for from your taxes. It is paid for through a contract with Comcast that provides a share of cable TV revenues to operate public, educational and government access programming, including staff and equipment. Public Access (Channel 99) and Educational Access (Channel 22) are operated by Lower Cape Community Access Television (LCCAT), a 501(c)(3) non- profit corporation, that serves Wellfleet, Truro, Eastham, Orleans and Brewster. Each of these towns has their own Government Access Channel 18, serving just their own subscribers. This arrangement is a result of federal law and regulation.

The Cable Advisory Committee was instrumental in helping the Town negotiate a favorable ten- year license with Comcast in 2010. The Committee plays an important role in LCCAT by helping advance the community interest in public and educational access communication. Nancy Civetta and Thomas Cole serve on the LCCAT board of directors representing Wellfleet.

### Cable Advisory Committee

Richard M. Guernsey  
Jeffrey Tash  
Thomas Cole

## **ABOUT THE CAPE COD COMMISSION**

In March 2015, the Cape Cod Commission celebrated the 25th anniversary of the county– wide vote that created it as the regional land use planning, economic development, and regulatory agency for Barnstable County, Massachusetts. The Commission works toward maintaining a healthy balance between economic progress and environmental vitality. "Keeping a special place special" describes the agency's mission to protect the region's unique qualities. The 19– member appointed Cape Cod Commission board represents a wide spectrum of the region and provides oversight for a staff of 40 professionals.

## **SECTION 208 AREA WIDE WATER QUALITY MANAGEMENT PLAN UPDATE**

The plan and its implications for the Cape's 15 towns was the focus of the OneCape Summit, sponsored by the Cape Cod Water Protection Collaborative and supported by Commission staff. Held February 25 and 26 at the Hyannis Resort and Conference Center, the summit brought more than half of the Cape's local elected leaders together with representatives from U.S. EPA, MassDEP, the Conservation Law Foundation and the Commission. It was the first time towns were able to ask questions and get answers from regulators and others directly involved in developing the framework for addressing Cape Cod's coastal nitrogen issues. The Commission looked forward to approval of the 208 Plan Update was by U.S. EPA in the fall of 2015, leading to the implementation phase of the plan. The Commission also developed innovative, first– of– their– kind decision– support tools as part of the plan. Watershed MVP (multi– variant planner), the Scenario Assessment Model (SAM), a financial model and others will make local discussions and decisions easier by processing complex data sets into usable options. These and other tools are available at [www.capecodcommission.org/blackbox](http://www.capecodcommission.org/blackbox).

## **REGIONAL POLICY PLAN UPDATE**

For the 2015 update, the Commission will build on those earlier reforms. Among the goals for this RPP update are to:

- ease the local comprehensive planning process and increase consistency with regional goals
- simplify the regulatory process
- create a framework for regional capital planning

A series of online planning tools were developed to support the RPP Update process and local decision making, such as the Chronology Viewer, Community Characteristics Viewer and Envision Tomorrow. These and other tools are available at [www.capecodcommission.org/blackbox](http://www.capecodcommission.org/blackbox)

## **PLANNING/COMMUNITY DESIGN**

With expertise in land use planning, zoning, natural resources, historic preservation, affordable housing, and other areas, the planning staff works to improve the function and character of communities while managing growth and protecting the Cape's sensitive environment. The Planning Department plays a major role in the five- year updates to the Regional Policy Plan (RPP), Local Comprehensive Plan assistance, establishing Districts of Critical Planning Concern and Growth Incentive Zones, regional and corridor- wide transportation/planning studies, and resource protection efforts including the Cape Cod Ocean Management Plan, 208 Plan update, and hazard mitigation planning.

Through its Regulatory Program, the Cape Cod Commission reviews projects that present regional issues identified in the Act, including water quality, traffic flow, community character, affordable housing, open space, natural resources, and economic development as Developments of Regional Impact (DRIs).

In FY2015, the Commission took the following actions:

- approved 7 DRI- related decisions
- approved 12 DRI modifications
- issued 3 Development Agreement- related decisions
- issued 14 Certificates of Compliance
- provided 14 MEPA comments letters
- provided 3 Chapter 40B housing project comment letters
- approved 7 Implementing Regulations under the Cape- wide Fertilizer District of Critical Planning Concern

## **AFFORDABLE HOUSING/HOME CONSORTIUM**

The Commission administered the U. S. Department of Housing and Urban Development (HUD)- funded HOME Programs, which created 71 rental units in 2015, and provided direct technical assistance to the towns of Bourne, Brewster, Chatham, Wellfleet and Truro. The Commission also completed and submitted the federally required Affordable Housing Consolidated Plan for 2016.

FY2015 saw a number of transitions for the HOME Program, which has been administered by the Commission since 1993. With the retirement of Housing Specialist Paul Ruchinskas in October 2014, the program was reevaluated and the decision made to transfer the operation to Barnstable County's Department of Human Services. This was accomplished as part of the budget process for FY2016. The Commission's housing specialist position was redefined and will see formal implementation in FY2016.

## **WATER RESOURCES**

Water Staff provides technical assistance to towns, citizens and the County on water resources projects including: water supply, wastewater and storm water management, fresh water ponds and marine waters.

## **TRANSPORTATION**

In FY2015, more than \$18.6 million in Federal and State infrastructure capital was secured for the region. The TIP is a list of transportation system projects to be implemented with federal and state funds available for Cape Cod. Projects may include roadway, bicycle, pedestrian, and transit improvements. The TIP includes four years of projects developed in accordance with federal laws.

**REGIONAL TRANSPORTATION PLAN UPDATE:** A draft of the 2016– 2019 Regional Transportation Plan, prepared by Commission Staff, was released for public comment by the Cape Cod MPO in June 2015. A website was developed to track the plan’s progress and provide updates on meeting schedules and key decisions ([www.capecodcommission.org/rtp](http://www.capecodcommission.org/rtp)).

**CAPE– WIDE BICYCLE NETWORK PLAN:** Through work with individual towns and development of 10 multi– modal plans, consensus was achieved among all 15 towns for cross– border bicycle connections.

**OUTER CAPE BICYCLE AND PEDESTRIAN MASTER PLAN:** The Cape Cod Commission, in conjunction with the Cape Cod National Seashore, is working with the towns of Wellfleet, Truro, and Provincetown to develop the Outer Cape Bicycle and Pedestrian Master Plan for creating an interconnected bicycle and pedestrian facility network linking the towns with the Seashore, the Cape Cod Rail Trail, and other destinations within the three communities. A series of workshops and planning sessions were held.

**TRAFFIC COUNTING PROGRAM:** The Commission’s transportation staff conducted annual summer traffic counts in all 15 Cape towns, including automatic traffic recorders (ATRs) and turning movement counts (TMCs). In FY2015, the following Wellfleet intersections were included: Wellfleet Route 6 south of Lecount Hollow Road; Route 6 south of Long Pond Road; Route 6 south of Main Street; Cahoon Hollow Road East of Route 6; Commercial Street south of Holbrook Avenue; Main Street west of Route 6; Main Street at Methodist Church; Pole Dike Road; south of Bound Brook Island Road; and West Road west of Route 6. Traffic data is available online: [www.capecodcommission.org/counts](http://www.capecodcommission.org/counts)

**ROUTE 6 CORRIDOR STUDY, EASTHAM– SOUTH WELLFLEET:** As an outgrowth of this and other traffic safety studies, center line rumble strips were installed by the Massachusetts Department of Transportation at key locations to increase safety and decrease the possibility of cross– over accidents.

## **REGIONAL COORDINATION/TECHNICAL ASSISTANCE**

The Commission is in a position to respond to issues of regional concern with technical assistance and facilitation. Among the issues for which Commission expertise was sought are:

- restoration of Route 6 overcut areas between exits 2 and 4, including coordination of a working group and review of draft plans

- ❑ facilitation of the Regional Beach Access Committee, which advocated for awareness of regulations relative to the shoreline and local control on beach access issues such as shoreline protection, permitting, dredging, endangered species and tourism.
- ❑ convening of the National Grid Ad- Hoc Advisory Committee to help communities directly affected by the natural gas connection moratorium, expedite permitting process and facilitate communication.

### **DISTRICT LOCAL TECHNICAL ASSISTANCE (DLTA) GRANTS**

For the past several years, the Commonwealth of Massachusetts has allocated funds to each of the state's 13 regional planning agencies, the Cape Cod Commission among them, to help municipalities with sustainable development and to encourage municipalities to form partnerships to achieve planning and development goals consistent with state and regional priorities.

The full report is available at the Cape Cod Commission office at;  
3225 Main St. P.O. Box226, Barnstable MA 02630  
[www.capecodcommission.org](http://www.capecodcommission.org)

Respectfully submitted,

Roger L. Putnam, Jr.  
Wellfleet Representative

## CAPE LIGHT COMPACT

---

Cape Light Compact is an award– winning energy services organization operated by the 21 towns and two counties on Cape Cod and Martha’s Vineyard. The Compact’s mission is to serve its 200,000 customers through the delivery of proven energy efficiency programs, effective consumer advocacy, competitive electricity supply and green power options. For more information, visit [www.capelightcompact.org](http://www.capelightcompact.org).

### *POWER SUPPLY – Stability, Security and Green Power Options*

Cape Light Compact offers stable and secure electric supply at competitive rates. Much depends on timing and market forces, but the Compact was proud to offer stable, competitive prices in 2015. As in previous years, electricity prices in 2015 were primarily driven by the price of natural gas. The winter of 2015 saw a lower wholesale electricity price spike from the 2014 winter, but retail electricity prices were still the highest in recent history. This is because of high forward market prices at the time when retail suppliers were procuring in advance for their expected loads. These high forward prices were set by expectations of the same high wholesale prices seen in the winter of 2014, which didn’t come to fruition this year. While New England’s natural gas delivery constraint was still the main contributing factor to high winter wholesale prices, it was mitigated by warmer temperatures in the beginning of the winter, increased liquefied natural gas (LNG) imports, implementation of an improved winter reliability program by the electricity grid operator, and low oil prices.

The past few years have seen many changes in how electricity is produced in New England. There is growing concern over how to meet both the reliability needs of the electric grid and our greenhouse gas reduction goals, all at a reasonable cost to electricity consumers. In the upcoming year, state elected officials and the Massachusetts Department of Public Utilities will be focusing on this issue. Topics to be deliberated include: (1) whether or not to install new natural gas pipelines, and who should pay for this; electric customers or gas customers; (2) net metering cap for solar and other renewable generation projects; (3) smart grid, or grid modernization, technology, who will benefit and how will costs be allocated amongst electric customers. As we have done in the past the Cape Light Compact Governing Board will participate in these, and other, discussions on behalf of electric customers.

In 2015, Cape Light Compact provided energy to residents and businesses in accordance with two competitive electricity supply contracts negotiated by the Compact. The Compact’s residential electricity supplier was ConEdison *Solutions*, and the commercial and industrial supplier was NextEra Energy. As of the most recent count, the Compact had approximately 3,143 total electric accounts within the Town of Wellfleet on its energy supply.

*CONSUMER ADVOCACY – Committed to Consumer Interests*

Since 1997, Cape Light Compact has advocated for the ratepayers of Cape Cod and Martha’s Vineyard at the local, state, and federal level. In 2015, the Compact focused much of its advocacy on consumer electricity disclosure labels, DPU’s competitive supply website, and door– to– door marketing rules. These issues affect how electricity consumers interact with and take advantage of the competitive supply market. The Compact has provided input advocating for better disclosure methods of electricity sources, including renewable energy, which will better inform consumers about where the electricity they’re purchasing comes from. The Compact is also continuing to provide DPU with input on their competitive supplier website in order to ensure it is easy for users to use and understand. The Compact, along with others, has also successfully lobbied for the implementation of door– to– door marketing rules that will help protect consumers from some of the unscrupulous marketing tactics that have been used on the Cape and Vineyard.

The Compact is also pleased to announce that the Department of Public Utilities issued a final order in May approving the Compact’s revisions to its Aggregation Plan, which was submitted in April 2014. This order affirms the purposes, structure, and funding of the Compact, and has been used as a model for other municipalities seeking to form their own aggregations. While Cape Light Compact was the first municipal aggregator in the state, there are now 72 communities in Massachusetts with approved Aggregation Plans.

*ENERGY EFFICIENCY – Saving Energy and Money*

Jan – Nov 2015	# of Participants	Customer Savings	kWh Saved	Rebates/Incentives Paid to Customers
Low Income	18	\$6,579.40	32,897	\$55,826.44
Residential	281	\$93,033.40	465,167	\$347,414.34
Commercial	13	\$21,157.60	105,788	\$48,008.93
<b>Total</b>	<b>312</b>	<b>\$120,770.40</b>	<b>603,852</b>	<b>\$451,249.71</b>

*\*Please note that this data does not include activity that occurred in December 2015. Please visit [www.capelightcompact.org/reports](http://www.capelightcompact.org/reports) for complete information.\**

Funding for the energy efficiency programs (i.e. energy audits for homes and businesses, rebates on the purchase of energy efficient appliances and energy education in our schools) comes from a monthly customer “energy conservation” charge (\$0.0025 cents multiplied by the number of kilowatt hours used during the month) and a portion of the “distribution charge” (\$0.01510 for residential customers and \$0.00972 for commercial and industrial customers) that appears on each customer’s electric bill.

Other Cape Light Compact efforts include:

- 3 ENERGY STAR® qualified homes were built in the Town of Wellfleet.
- Several Town– owned facilities are implementing energy conservation measures identified in the Compact– funded energy assessments of 2014 and further analysis of a chiller proposal and Variable Speed Drives occurred at Town Hall. Measures installed Variable Speed Drives at the Elementary School and a High Efficiency Heating System at the DPW.
- Cape Light Compact continues to offer energy education outreach to the Town’s Wellfleet Elementary School through the offering of education materials, in– class support and teacher workshops to bring the world of energy literacy to local elementary school students and their teachers.

Respectfully submitted,

Wellfleet Representatives – Richard Elkin  
Marcus Springer – Alternate

## CEMETERY COMMISSION

---

In 2015 the Commission had seven regular meetings and many informal working meetings to improve our records and mapping. We determined that much work needed to be done and, although we have now independently made quite a few upgrades to our maps and records, much more work still needs to be done.

We again sponsored two volunteer clean ups this year focusing solely on the Oakdale/Pleasant Hill Cemeteries. Major pruning has taken place which will not only protect the monuments but will actually improve the appearance of the trees and bushes which were getting quite over grown. We also, with the help of some AmeriCorps volunteers added some split rail fencing in Oakdale which will help keep cars from driving over cemetery lots. Thanks to all the hard working volunteers who did so much work both in the spring and again in the fall. We could not do even a fraction of the work without their help. Thanks also to the DPW who saw to the clearing away of the huge piles of brush located here and there in both cemeteries.

We have been very active this year in the sale of lots. Because of this we are seriously talking of having to expand the area in Pleasant Hill to accommodate the growing demand. This will involve much planning in order to insure that the area is graded properly and laid out carefully. This will also involve careful financial planning by the Commission.

The Commission also gratefully accepted the help and expertise of Bob Devaney a part time resident of Wellfleet and full time Superintendent/Sexton of the Center Street Cemetery in Wallingford, CT. He has now cleaned and repaired numerous monuments in both Oakdale and Pleasant Hill. I am sure if you have taken a walk in the cemeteries you will have noticed some beautiful monuments that prior to cleaning you never noticed before! We are anxious to learn some of his techniques and to have him again do some repair work this coming summer 2016. It is hard work that Bob does with such passion and enthusiasm. A special thank you to him and also to his wife and young son who pitched in to help as well.

As we look forward to 2016 the Commission is very hopeful that an official “Friends of the Wellfleet Town Cemeteries” can be formed. Meanwhile, please visit us on Facebook and give us a “Like”!

Respectfully submitted,

Bonnie Robicheau, Chair, Nancy Vail and David Agger

## CULTURAL COUNCIL

---

Gigi Ledkovsky completed her term after 6 years of dedicated service. Her knowledge of the process and details provided leadership and guidance to the Council. The voice of reason will be missed. Paula Erickson who served as co- chair, completed her term after 3 years. She brought creativity and energy to the group. We will miss her injection of humor and expertise in our activities and meetings.

### Activities of the Council

#### Grantee Reception, Wellfleet Preservation Hall, spring 2015

The Wellfleet community was invited to celebrate the grantees at an Academy Award-themed reception at Preservation Hall. Each grantee made a brief presentation of their project to the audience of about 80. Thanks were given to Selectman John Morrissey who helped in the effort to increase the Town of Wellfleet's contribution to the Council.

Representative Sarah Peake spoke about the importance of the Council's work, and was thanked for her support of Wellfleet activities. Award recipient Andre Lima led an exuberant group of Capoeira students in a demonstration of the martial arts form developed in Brazil by African slaves. Refreshments and a wine bar followed the presentations.

#### Grant- writing Help Desk, Wellfleet Public Library, fall 2015

Members of the Cultural Council were available at the library for several hours to meet with aspiring applicants for grants and walk them through the process.

### Grants Awarded

There were 40 grant applications submitted this year, an increase of six, and the largest number of applications to date. Our state funding was \$4400, an increase of \$150. The Town of Wellfleet contributed \$2000. The Council was able to award \$8600 to the following 36 recipients.

#### Name and Project

The Academy of Performing Art- Need and Merit scholarships	\$400
Alzheimer's Family Caregiver Support Center - Multigenerational Chorus	\$200
Anthony, Ellen- Quirky Circus visits Wellfleet Pre- School	\$250
Bates, David- Celebrating New England: Performance for seniors	\$275
Braverman, Melanie- Giving Voice to Those Who Give	\$200
Cape Cod Chamber Music Festival- Summer Performance	\$200
Cape Cod Children's Place- Intergenerational Arts Enrichment	\$275
Capoeira Besouro- Capoeira Besouro Cape Cod	\$400

Clemmer, Heidi– Cape Cod Eco Tales: Vernal Pools Visitors	\$300
Crothers, Connie– Wellfleet Performance	\$200
DiPrima, Jay– Henry Thoreau Lyceum	\$200
Dooley, Jack– Wellfleet Porch Fest	\$150
Fisher, Diane– Wellfleet Winds and Strings a Wellfleet Child Assoc.	\$200
Friends of Herring River– History of the Herring River	\$200
Hellman Barry– Poetry and Music: Celebration of National Poetry Month	\$200
Hinton, Megan– Breton Painting Exhibition	\$100
Kazzrie Jaxen Quartet– Performance of Quartet	\$300
Knapp, Marian Leah– The Outermost Cape Encountering Time	\$100
LeVine, Denya– Multicultural Music for Montessori Preschool	\$300
Mass Media Literacy– Navigating Civics with Comprehensive Media Library	\$200
McIlroy, Elaine– Cellofest	\$300
Morton, Dianna– Heart of the Word Writing Project	\$300
Nauset Regional Middle School– Visiting Mexican Artists Performance	\$50
Nauset Regional Middle School– Arts Day 2016 inspirations	\$300
Payomet Performing Arts Center– Three Rivers: Spoon, Herring and Pamet	\$200
Perry, Candace– Wellfleet Radio Theater Workshop and Performance	\$350
Provincetown Film Society– Provincetown Film Festival	\$200
Sustainable Cape– Wellfleet Farmer in the School	\$150
Truro Center for the Arts at Castle Hill– Steamroller Printmaking Event	\$250
Vivante, Lydia– Vivante Papers	\$300
Wellfleet Conservation Trust– Tales & Trails: Nature Walk for young Explorers	\$200
Wellfleet COA– African Dance & drumming & Capoeira Performance	\$250
Wellfleet Elementary School– One School One Book	\$250
Wellfleet Harbor Actors Theater– WHAT for Kids	\$200
Wellfleet Preservation Hall– Video Shorts Creation and Performance	\$400
Wellfleet Recycling Committee– 5 Gyres	

The Wellfleet Cultural Council continues to make its presence felt in the community by supporting carefully selected programs for children and adults, and offered by a rich supply of local talent.

Current Officers: Michele Olem, Chair; Yvonne Barocas, Secretary; Josie Anderson, Co– treasurer; Madeleine Entel, Co– treasurer; Edward Miller; Antonino Gabriele; Robert David Cohen; Susan Brita Tate; Mary Wright; Diane Roehm

Respectfully submitted,

Michele Olem, Council Chair

In 2014, the energy committee ran a very successful Solarize Wellfleet campaign. Early 2015 saw the last of the 133 Solar Photovoltaic (PV) systems or solar panels installed on Wellfleet residences and businesses from that program. Even though the Solarize program has been completed, the rate of Solar PV systems installed in Wellfleet has continued at an elevated rate. The committee conducted a survey of the Solar PV projects installed during the Solarize program.

In June, the committee held an Energy Fair with dozens of vendors and representation of Town organizations and committees. Wellfleet Elementary School fifth graders participated in the event by creating posters on energy themes, which were on display at the fair. Energy conservation and efficiency, as well as solar energy and geothermal solutions informational sessions were held throughout the day. The event drew over 1,000 attendees.

**Solar Panels on the Wellfleet  
Library**

In 2014, Wellfleet became a Department of Energy Resources Green Community and was eligible for a designation grant. The Committee worked with Town Administration to submit plans for the grant funds. Wellfleet received \$140K for energy reduction projects.

One major committee activity this year was planning for a large– scale solar photovoltaic installation at up to five sites in town, including the capped landfill, the roof of the elementary school, the roof of the DPW garage, the slope alongside the Council on Aging parking lot, and the roof of the town hall. Each site was studied extensively, and certain risks as well as drawbacks to each were discovered. The electricity produced at these sites would have resulted in “Net Metering Credits” that could be applied to significantly reduce the town’s electric bill.

An alternative proposal from a private firm to sell the town “Net Metering Credits” from a solar installation off Cape was received in December. The town is currently conducting “Due Diligence” as the terms of the proposal seem favorable.

Respectfully submitted,  
Richard Elkin, Chair

## WELLFLEET HISTORICAL COMMISSION

---

The Wellfleet Historical Commission works to preserve, protect, and develop the historical and archeological assets of the Town of Wellfleet.

In 2015 we welcomed two new members: Thomas Siggia (Secretary and Historical Commission representative on the Community Preservation Committee); and Jeff Tash, a huge help in bringing the paperback *Guide to Monuments, Memorials, and Burying Grounds* online in the form of a blog.

Commissioners thanked outgoing members Miriam Spencer and Geraldine Ramer. Each dedicated a lot of time and energy to the Commission. Spencer served excellently as secretary, and Ramer led a successful effort at Town Meeting for \$5,000 in Community Preservation Act funds to update a selection of Wellfleet's 'Form B' (for building) fact sheets for the Massachusetts historic property archive. The archive – digitized forms with black & white photographs – can be accessed via the Massachusetts Cultural Resource Information System online database: [mhc-macris.net](http://mhc-macris.net). Paper copies are in the reference sections at both the Wellfleet Public Library and Wellfleet Historical Society & Museum. These forms contain a wealth of fascinating information chronicling the history of each property. In December we began the process of updating the Pamet Point Road forms. Eric Dray Consulting will conduct the survey, describe the historical and architectural significance of the properties, and provide photographs – in color.

Commissioners reviewed an average of two requests a month for a variety of partial or complete demolition proposals in the Wellfleet Center Historic District and other locations. Requests ranged from complete tear downs of main structures and outbuildings to basic solar panel installations.

On July 7, 2015 we held a public hearing on the proposed major alterations to 270 Main Street, in the heart of Wellfleet Center. Members voted to approve the remodel after substantive changes were made in negotiations with the builder and owners.

On October 26, 2015 we held a public hearing to review a request to demolish 100% of three buildings on a property at 350 Pamet Point Road: a 1753 three-quarter Cape house, a 19<sup>th</sup> century barn/artist's studio, and an early 20<sup>th</sup> century garage. Members voted unanimously to invoke the Town of Wellfleet's demolition delay. The purpose of this one-year delay is to give those proposing destruction of historic resources time to step back and explore alternatives to demolition.

We are grateful for local and state support from Sarah Korjeff, Historic Preservation Specialist and Jonathon Idman, Chief Regulatory Officer, Cape Cod Commission; Preservation Massachusetts, and Historic New England.

The Wellfleet Historical Commission meets on the first Wednesday of every month at 5:00 pm in the Wellfleet Public Library. As always, we encourage and welcome public attendance at our meetings.

Respectfully submitted,

Maria Burks (Co– Chair), Stephen Durkee, (Treasurer), Thomas Siggia (Secretary), Jeffrey Tash, Lydia Vivante (Co– Chair), Nicholas Watkins

---

#### OPEN SPACE COMMITTEE

---

The Open Space Committee (OSC) was formed to recommend use of town owned lands to the Board of Selectmen. The Open Space Committee charge is described in the following excerpt from the Annual Town Meeting (Article 51) held in 1987 authorizing the Board of Selectmen to “appoint an Open Space Committee consisting of five (5) persons, (later amended to seven) to effect a comprehensive survey of potential conservation and open space land in the Town of Wellfleet for the purpose of possible future acquisition and to survey Town– owned land holdings for the purposes of sale or retention, and to report recommendations for Town Meeting action to the Board of Selectmen.”

To fulfill this charge, the OSC works with various public and private agencies to identify, acquire and preserve open space for conservation and/or passive recreation. A parallel OSC effort is to educate the Wellfleet community on the value and care of conservation lands and open space.

**Committee members** in 2015 were: Nancy Golden, Bruce Hurter, Bob Jackson, Elizabeth McDonald, Tom Slack (Vice chair/Secretary), Nancy Rea (Chair), and Lynn Southey.

### **In 2015 the Open Space Committee:**

- Continued to work collaboratively with the Wellfleet Conservation Trust (WCT) in identifying and securing open space properties. This year, the Committee partnered with WCT to secure a lot on Drummer Cove to complete a mile long stretch of protected shorefront. Although approved CPC funding failed at Town Meeting, the property was ultimately purchased with private and State grant funds
- Was represented on the Community Preservation Committee (CPC) monthly
- Was represented on the Local Housing Partnership monthly
- Supported the Local Comprehensive Plan Implementation Committee and the annual State of the Harbor Conference
- Worked with other Town committees, public agencies and non-profit groups to advance the restoration of the Herring River estuary. Sent OSC representatives to the monthly Friends of the Herring River Restoration meetings
- Worked on the update of the 2005– 2012 Open Space Plan. This year the Committee, conducted a survey of community needs. Survey results and a draft plan were presented to the Board of Selectmen in November
- Participated with WCT Board and AmeriCorps in the clean-up of WCT and Town-owned Conservation properties and participated in “Coastal Sweep”
- Made recommendations to the Wellfleet Board of Selectmen regarding properties acquired by the Town by foreclosure and/or vacant Town-owned properties
- Distributed Wellfleet Trail Maps throughout the community. Updated trail guides as needed. Thank you to WCT for providing the Wellfleet Trail Maps on their website
- Supported the Affordable Housing Commission on proposed uses of Town-owned properties for the addition of affordable housing
- Completed annual property inspections for all Conservation properties and worked with the Wellfleet Conservation Commission and WCT on trail maintenance
- Continued discussion with Wellfleet Elementary School concerning development of a joint effort to increase experiences and knowledge of the importance of open space in Wellfleet for youngsters and their parents and began work on “discovery sheets” to be used by children and parents at conservation sites on the Wellfleet Trail Maps.

Respectfully submitted

Nancy Rea, Chair

## PERSONNEL BOARD

---

The 2015 members of the Personnel Board include: Harry Terkanian or his designee, Brian Carlson, Elizabeth Smith, Arlene Kirsch, Steve Gazanno, Stephen Polowczyk, and Chair Deborah Freeman. All are heartily thanked for their hours of service.

The focus of this past year has been to complete the Town Employee Personnel Manual and circulate the draft Manual for comment and approval. Town Counsel has reviewed the Manual and those comments have been incorporated. Comments from Town employees have been solicited, reviewed, and incorporated. The Manual now remains in draft form before the Board of Selectmen awaiting their response.

The Board also reviewed a new Community Police Officer position, and the Water Commission positions of clerk (now part of a committee secretary position) and manager (now combined with the Town Administrator's personal assistant position in a single job description).

The focus of the Personnel Board for 2016 will include development of processes for revising Town employee job descriptions when needed and one for evaluating Town employee job performance.

Respectfully Submitted,

Deborah S. Freeman, Chair

## PLANNING BOARD

---

During 2015, the Planning Board endorsed five Approval Not Required Plans, and approved one Special Permit for a Varisty Wireless Telecommunications Tower in South Wellfleet. The Board approved one Special Permit for Affordable Housing and the related Subdivision Plan for Habitat for Humanity, and which is presently being appealed.

At the 2015 Annual Town Meeting (ATM), voters approved the Board's revisions to Zoning Bylaws (ZBL) including the Sign Bylaw, the Floodplain Bylaw, Individual Storage Unit Definition, and the Home Occupation and Service Trade Bylaws. Voters also approved the repeal of the Home Industry Bylaw.

In preparation for the 2016 ATM, the Planning Board worked on ZBL changes to the Lot Area definition and floodplain inclusion. Time was spent working with Martha Hevenor, a planner from the Cape Cod Commission, to revise both the Cottage Colony and Cluster Housing Bylaws. The Board voted to recommend a definition of food trucks to the Board of Selectmen to assist them in the process of drafting regulations, and also worked on amendments to the Subdivision Regulations.

The current Planning Board members are: Andrew Freeman, Vice– chair Janet V. Morrissey, Clerk R. Dennis O'Connell, Chairman Gerald E Parent, Alfred Pickard and Janet Reinhart. Our thanks to Eric Larsen for his participation, and to Mary Rogers, who provided excellent staff support to the Board. The Board welcomes Miriam Spencer who picked up in the spring where Mary Rogers left off.

Respectfully submitted,

Gerald E. Parent, Chairman  
Planning Board

## TAXATION AID COMMITTEE

---

The Wellfleet Taxation Aid Committee completed its second year with continued success. The Committee was established by Town Meeting in April 2013 to provide grants for property tax relief to our least fortunate neighbors, the low-income elderly and/or disabled residents of Wellfleet. During 2015 to date, a total of \$20,197.79 was received in voluntary donations to the Fund. Nine applications were received and reviewed by the committee. Following the carefully developed formula for awarding assistance, seven applications were approved, with a total of \$4,243 in assistance awarded, for an average award of just over \$600. The two applications that received no action were deemed ineligible, based on income or other considerations. The nine actions taken were all by unanimous vote of the committee members. The Town of Wellfleet benefits from this Fund by receiving the award funds directly on behalf of the applicants toward their property taxes due.

An insert in the May 2015 tax bills requesting donations resulted in contributions of \$9,297.81. A similar insert in the November 2015 tax bills requesting donations resulted in contributions of \$10,899.98 as of December 22, 2015. A revised application is continuously available at several locations: Town Hall, Senior Center, Public Library, and on the Town of Wellfleet website ([www.wellfleetma.org](http://www.wellfleetma.org)). Senior Center staff kindly agreed to assist applicants in the completion of their applications. Applications for FY 2017 assistance are due on Friday June 17, 2016.

The Committee decided at its December 22, 2015 meeting that it would consider emergency requests for assistance irrespective of our annual deadline, if serious adverse circumstances materialize for an eligible Wellfleet resident, such as sudden health related problems/expenses. Prior to that meeting, Town Administrator Harry Terkanian advised the chairman that this emergency assistance was within the discretion of the Committee. The Committee will develop guidelines for such requests early in 2016, and publicize them to the community. It was also decided by the Committee that applications received after the annual spring deadline will be reviewed in the fall, in time for awards to be applied to the fall tax bill. We will also renew and expand our efforts to publicize and promote knowledge of this Fund among the eligible population. Written materials will be developed for wide distribution and posters will continue to be placed in appropriate locations around Wellfleet to advertise this program.

The Committee hopes to receive a much higher number of applications for the FY 2017 tax year and looks forward to providing assistance to more of our fellow Wellfleet residents who qualify. Awards will be made for FY 2017 in the summer of 2016.

It is hoped that the very generous nature of Wellfleet's residents will continue to allow assistance to be provided to as many applicants who qualify for FY 2017 and in the years to come.

As of December 26, 2015 the balance in the fund totaled \$38,950.36. Many thanks to all Wellfleet taxpayers who contributed to this important fund over the past two years.

Special thanks to Marianne Nickerson, Town Collector, for mailing thank you notes to all donors to the fund.

Respectfully submitted

Manny Smith, Chair  
Wellfleet Taxation Aid Committee

---

---

## TOWN COUNSEL

---

---

In 2015, we assisted the town in a variety of ways and in a wide variety of matters. A staple of our services to the town has been the interpretation of the Town's own bylaws and the Town Charter, as well as the various statutes that govern the operation of the Town. The following list provides a partial sample of the opinions that we provided during the course of 2015:

- interpretation of the town's affordable housing bylaw;
- interpretation of the use exemption of the Zoning Act, G. L. c. 40A, §3, as applied to structures in use for religious purposes;
- process for adoption of the bylaw required by G. L. c. 60, §62A to authorize the Town to enter into payment agreements with taxpayers to extend the time for payment of delinquent taxes;
- interpretation of the United State copyright law, as applied to the term "Wellfleet oyster";
- application of various statutes and local regulation to so-called "food trucks"

In addition, we routinely continue to review many types of legal documents and provide drafting assistance to comply with applicable law and with the Town's particular situation or requirements. In 2015, this type of "legal support" included reviewing and providing comment on the Town's Equal Employment/Sexual Harassment Policy; providing counsel on the proper handling of an application for employee disability status; review of several public construction and other types of contracts and rendering legal opinions on related contracting issues; review and

comment on the proposed Outer Cape police mutual aid agreement, and interpretation of several provisions of the Town Charter.

Fortunately, the Town continues to avoid significant or costly litigation. Providing on-going training is a method for assisting the Town in maintaining this desirable state. This year, in early June, we provided an in-depth training in the requirements of the Open Meeting Law to town hall staff and to members of multi-member boards. The 2010 amendment of the Open Meeting Law created new definitions, obligations and prohibitions, to the extent that even after 5 years, there are understandably many questions was significantly continues to raise compliance questions

In addition to such traditional training offerings, at no cost, in 2015 we offered a number of so-called “webinars,” that is, on-line tutorials which include question and answer sessions. These are available on a “live” basis or listened to over the internet in pre-recorded form after the fact. This year, for example, we presented a well-received webinar on “Tax Title Foreclosure Basics.” This and prior years’ webinars on such diverse topics as the process for acceptance of private ways as town ways and the operation of the Commonwealth’s Criminal Offender Record Information (“CORI”) system and regulations, basic casino law, and many other topics and formats of educational material, can be accessed at no cost by town officers, employees and private citizens at the firm’s website: [www.k-plaw.com](http://www.k-plaw.com). We invite town residents to also take advantage of this resource for learning about municipal law and recent developments.

Your “town counsel” consists of a team of attorneys at Kopelman and Paige, P. C. who together provide specialized legal support on every imaginable type of legal challenge that a municipality could face. It is our challenge to keep up with the ever-changing group of laws and regulations that together comprise “municipal law.” It is only with the support and cooperation of Wellfleet’s talented and dedicated professionals and volunteer boards and committees who complete this team that we can meet that challenge. For that reason, we thank the Town for its support and cooperation in 2015 and past years, and for the privilege of providing legal service to Wellfleet. We commit to continuing our efforts to maintain the highest standards of professionalism and dedication to the Town throughout 2016.

Respectfully submitted,

Elizabeth A. Lane  
Kopelman and Paige, P. C.

## ZONING BOARD OF APPEALS

---

The year 2015 was a quiet year for the Zoning Board of Appeals. There were only 38 applications for Special Permits, as compared to past years where the Board would typically get 50 to 60 applications. Each application, however, represents an issue important to the person making it. As a Board we give careful consideration through due process, and make our decisions after full open public hearings. In most years we have several cases that generate widespread public interest in the community, but not 2015. Thus we have had scant public interest in our cases this past year.

During the year our past Chairman, Vern Jacob retired as Chairman, but has stayed on the Board as an alternate member. Chairman Jacob presided over many hearings, both simple and complex, during his years as Chairman. His quiet equanimity and gentle manner set a tone for all the operations of the Board. His shoes will be hard to fill. The Board welcomes the return of Trevor Pontbriand as an alternate member. His skill and experience as an architect provide solid expertise in examining issues before the Board.

The Board regular members are Bruce Drucker, Sharon Inger, Manny Heyliger, Mick Lynch and Roger Putnam . Also serving as alternative members are William Nicholson, Don Palladino and Trevor Pontbriand. All the members have given freely of their time and knowledge to properly serve the best interests of the Town of Wellfleet.

In speaking for the Board I would like to thank Chris Bates, our Secretary, doing so much to make the process successful both for the Board and its clients.

Respectfully submitted

Roger L. Putnam, Jr., Chairman

## CAPE COD REGIONAL TECHNICAL HIGH SCHOOL DISTRICT

---

*Cape Cod Regional Technical High School will provide an opportunity to acquire high quality technical, academic, and social skills preparing our students for success in our changing world.*

Cape Cod Regional Technical High School (CCRTHS) was established in 1973 as a public technical high school. The CCRTHS district draws students from 12 towns extending from Mashpee to Provincetown. For our school year 2014– 2015, we had 647 students enrolled in 17 different technical programs with an operating budget of \$13,908,300.

The town of Wellfleet had 8 students enrolled at CCRTHS as of October 1, 2014. The assessment for Wellfleet in FY14 was \$104,982.

### **Highlights from Cape Cod Tech 2014– 2015 School Year**

*Cape Cod Regional Technical High School District celebrated its 40<sup>th</sup> Anniversary!*

- CCRTHS graduated 135 seniors in June 2015.
- CCRTHS students must meet the same state academic standards as required by our sending schools.
- CCRTHS improved public and community relations by servicing community members in our shops at the school allowing communities to realize significant savings in labor charges.
- Forty– five students received John and Abigail Adams Scholarships.
- Fifty– two students were inducted to the National Technical Honor Society.
- At the SkillsUSA State level competition, twenty students won medals, and three students qualify for the National Skills and Leadership competition. Examples of medals won: Career Showcase Arts, Business Procedure, Occupational Health & Safety, Prepared Speech, Marine Service Technology, Techspo, and a state officer candidate.
- At the SkillsUSA District level competition 12 students medaled of the 59 students who attended. Medals won: Marine Service Technology, Dental Assisting, Mechatronics, Photography, Teamworks in Carpentry, Electrical, Plumbing, and Welding Sculpture.
- At the Massachusetts 2015 FFA State Convention, five students won awards: Floriculture, Nursery Landscape, Quiz Bowl, Reporter’s Scrapbook and Secretary’s Book.
- In Computer/21<sup>st</sup> Century Learning all seniors participated in Credit for Life Fair, a hands– on personal finance simulation. All students participated in the marketing efforts of the annual CCT Job Fair. Junior students assisted with marketing our 40<sup>th</sup> Anniversary event.
- The English Department aligned all English classes to Common Core, piloted the PARCC exam for 9<sup>th</sup> grade, and offered Advanced Placement (AP) Language and AP Literature.

- The Health classes continued to offer literacy strategies in the health curriculum to support Common Core and to align curriculum with Massachusetts Framework in Health.
- The Library provides a website for teachers with digital resources to align with their curriculums. There is a tremendous increase in student use and with professional development by teachers.
- The Math Department strengthened the CP1 curriculum with a focus on problem solving. This will increase college readiness.
- Physical Education focused on maximizing student participation in personal skills development.
- In Science, 2014 MCAS results show 72% of students achieved proficient or higher. Two students received awards for making the cafeteria significantly more environmentally friendly.
- In Social Studies, 16 students completed the Advanced Placement in World History and the department is now offering Challenges in Democracy as an honors level class.
- The Spanish Department aligned the curriculum with Foreign Language Standards to increase accessibility to the program.
- Special Education introduced Mindfulness through the Calmer Choice Program for 11<sup>th</sup> graders to increase achievement through emotional awareness and will expand the program next year.
- Our School Counseling Department increased completion rates of Career Plan Portfolios and scholarship/toolship applications. Our Student Ambassadors are leaders for school functions.
- The Art Department had student exhibits all through the Main Floor and The Cove Restaurant throughout the year. Fundraiser proceeds were used to buy frames for the displayed artwork.
- In Auto Collision all 11<sup>th</sup> graders earned OSHA and CPR certifications. This shop also increased CO– OP opportunities for 12<sup>th</sup> graders with local employers.
- Auto Technology continued a 1:1 laptop program with their students and improved web based text book curriculum. Two students won 2nd place at the Mass Auto Dealers competition.
- The Carpentry Department built a new snack shack at Skaket Beach in Orleans. All tenth, eleventh, and twelfth grade students completed the OSHA Training Program.
- In Cosmetology, 8 seniors had Co– Op jobs and were certified in CPR. All students who took the Cosmetology State Exam passed. Five juniors were certified in OSHA. They passed the Nail Technician State Exam and have summer jobs in their field.
- Culinary Arts significantly increased their student enrollment. Students hosted and served at numerous events that community groups hold in our restaurant, The Cove. The restaurant is open to the public.
- Dental Assisting seniors participated in five weeks of internship and worked alongside staff in local dental offices. Three seniors achieved MA Certification in Radiology. All students achieved CPR, First Aid, OSHA training and assisted in The Ellen Jones Dental Program.
- Early Childhood Education 11<sup>th</sup> and 12<sup>th</sup> grade students participated in teaching practicums The CCT Preschool was awarded a Level 2 rating in a rigorous review by

the state's QRIS program.

- The Electrical Department did an extensive remodel of their workstation. At SkillUSA a bronze medal was won. This shop completed a major relighting project for the Charles Moore Arena.
- Graphic Arts made a solid connection to Cape Cod Community College by paving the way for students to earn college credit through their high school level work.
- The Engineering Technology Shop has completed three years of curriculum. A gold medal was won at SkillsUSA and three students won a merit award from the Society of Woman Engineers.
- Graphic Arts students were recognized for a variety of design awards and SkillsUSA leadership achievements. This shop uses Work Force Ready System to test for technical competencies.
- Health Tech introduced a Biomedical Program this year. Twelve students worked in internships or Co- Op placements including Cape Cod Hospital and Pavilion Nursing and Rehabilitation.
- Horticulture students help build a playground in Dennis and other off- campus projects. This shop re- vamped and re- organized the scope and sequence of its curriculum for shop and theory. For the second year, they taught a Cape Cod Community College course to the junior class.
- Roots and Roses floral shop continues to provide hands- on experiences for students.
- HVAC students participated in hands- on learning opportunities within the school: installed AC units in classrooms, maintained refrigeration in Culinary, and serviced ductless split coils.
- The Information Technology shop structured lessons with new Cisco curriculum and utilized hands- on opportunities within the school such as the Help Desk and infrastructure projects.
- The Plumbing Department gained two female students during the year and can boast 100% participation in SkillsUSA, bringing home two 3<sup>rd</sup> place medals and one All Star student.
- Welding students work with instructors from project design, through solutions, to outlining project steps, then writing an essay and reflection paper on the project. They also brought home two medals at SkillsUSA.
- One hundred and seven (107) qualified students participated in placements for Cooperative Education, Internships and Student Practicums for real- life work experience. Students must maintain grades of C or better in academic classes and B or better in shop and theory classes to be eligible for placement. The Co- Op Office joined with the Business classes to provide the second annual Student Job Fair for the entire student body which was a great success.

Wellfleet Representative to CCRTHS School Committee

Wellfleet Elementary School students continue to make Nauset proud! PARCC scores are outstanding with students testing well above the State scores. Technology in Wellfleet has been expanded whereas educators each have an iPad. There are 20 new computers in the computer lab, Smartboards in all instructional spaces and a cart with 20 iPads for student use. Technology is being integrated across the curriculums to provide students with a 21<sup>st</sup> century approach to learning. Staff development is ongoing and new initiatives like EngageNY and the Wonders Reading Program are being implemented throughout the district.

Wellfleet Elementary continues to foster wonderful partnerships in the community utilizing the Elder Services of Cape Cod for their Intergenerational Book Club, STEM Program, and the Knitting Club. Other partnerships include the Wellfleet Open Space Committee, Farmer– in– the School program, AmeriCorps Cape Cod Water Education program, Wellfleet Recreation Department, Wellfleet Police and Fire Departments, to name just a few. The Community has been involved in the One School, One Book initiative. Security at the school has been updated and safety presentations for the staff have been presented by the Wellfleet Police Department and Eastham Sgt. Gus Schnitzer.

Nauset High School and Nauset Middle School students continue to achieve outstanding MCAS scores. Student growth is evident in all areas and this can be attributed to our dedicated teaching staff and their tireless efforts to help students reach their potential and beyond.

This year Nauset High School deployed new iPads to all students in its freshmen class and expanded that initiative to the all other grade levels this past fall. Staff and students use the device for creating, communicating, collaborating, organizing, researching, and problem– solving. Embedding technology into core curriculum in all subjects is an attainable goal.

Nauset High School has submitted a Statement of Interest, SOI, to the Massachusetts School Building Authority to assist with some very substantial needs at the facility. The Capital Asset Subcommittee, working with the Administration, has met regularly to address and prioritize the needs going forward.

I am pleased to tell you that Nauset Regional High School is in the consideration phase to offer the International Baccalaureate Diploma Programme. The IB Diploma Programme will offer further opportunities for students in Grades 11 and

12. Eight teachers have been identified and will be trained in this exciting new program, if accepted into the program.

At Nauset Middle School, the Summer Science and Technology Institute completed its second year with 42 students participating. Students learned about the importance of clean water for food and fishing, enjoyed hands– on experience building and programming robots and tested water quality in various ponds, cooked food from fresh produce and built air conditioners with recycled goods. Mandarin Chinese classes are now being offered at the Middle School to 7<sup>th</sup> and 8<sup>th</sup> grade students.

Subcommittees have been established for Bus Transportation and Renewable Energy to look at viable ways to save money for our citizens. Quarterly meetings have been scheduled with Town Administrators and Accounting Managers that are productive in keeping our Towns updated on our schools. A Substance Abuse Task Force has also been established and will meet regularly to explore ways our schools can help with this very real issue. I wish to thank School Committee members and community members who are donating their time and efforts as members of these committees.

In my first year as Superintendent, I am looking at all systems and looking for ways we can improve, never staying still, but moving forward with new visions and goals. In my decision– making process for any major change, I will reach out to all stakeholders as their input is invaluable. I thank the School Committees, the parents and the community for their unwavering support for education in our communities. We are so grateful for all the support and assistance we receive from so many individuals and community groups. I am honored and privileged to be the Superintendent of the Nauset Public Schools and am committed to continued excellence in our schools.

My door is always open and I look forward to hearing your thoughts and ideas.

Respectfully submitted,

Thomas M. Conrad, Superintendent

Thanks to the continued support of our communities, Nauset was able to provide students in Grades 9– 12 an iPad to enhance their learning opportunities. The benefits of the 1:1 technology includes; increasing student engagement and motivation, improved access to information and resources, blended learning and flipped classroom opportunities, collaboration for group projects and accommodations for learners. We continue to look toward the future in supporting our students with the tools and the education to ensure success as 21<sup>st</sup> century thinkers and learners.

Nauset High School is a Level 1 school that continues to attract students from all over the Cape. The Middle School and the High School ELA, Mathematics and Science and Technology Engineering scores are well above the state average. Our highly qualified, well– educated, and dedicated faculty and staff continue to inspire students to reach their potential. Our varied Program of Studies offers something for everyone. The future inclusion of an International Baccalaureate Diploma Programme in Grades 11 and 12 will only enhance the educational possibilities at Nauset Regional High School. We will also continue to expand the number of foreign exchange students through the Educatius International Program.

The Capital Asset Subcommittee, together with the Business Office, continues to do an outstanding job in completing many capital projects and identifying priority items for future consideration. A Statement of Interest (SOI) was submitted to the Massachusetts School Building Authority to consider a major renovation at the High School. We anticipate hearing in mid– January if Nauset High School is accepted into their program. These repairs and renovations will extend the life of the school and allow us to meet the educational requirements of a modern curriculum for our students.

The Administration and the Police Chiefs continue to work on security plans across the District and we thank them for all their efforts in keeping our students safe. A new app called CrisisGo, will become part of our ongoing security drills. Parents and School Committee members will receive notifications in the event of any emergency or crisis situation.

Our new Superintendent, Tom Conrad, is working diligently to continue excellence in all our schools. He has been out in the community holding “Superintendent Chats” to engage parents and staff members in sharing ideas and concerns with him. The “Superintendent’s Spotlight” TV show has been highlighting Central Office personnel and their important role in the District. He has plans to hold parent forums on various topics to gather invaluable feedback from stakeholders. Communication and collaboration is flourishing throughout the District.

Our many musicians, athletes and performers meet with success in their various competitions time and again. Nauset students are consistently recognized for

their outstanding talents and achievements in athletics and also for fine and applied arts.

The Greenhouse Learning Lab at Nauset Middle School is in full swing with students experimenting with seed germination in different types of soil. A very successful sale of geraniums in May showcased student’s green thumbs! Math, Science, Art, and English have been incorporated into the Greenhouse curriculum for students in all Grade levels. Stop by the Orleans Winter Farmers’ Market and check out the student table with items for sale.

Nauset continues to remain focused on the success of each student and committed to the motto, “Every Child Matters.”

Respectfully submitted,

Nauset Regional School Committee, John O’Reilly, Chair

Other members: Chris Easely, Vice Chair, Deborah Beal, Sarah Blackwell, Ed Brookshire, Chris Galazzi, Ed Lewis, Tim Linkkila, Sue Skidmore and Tracy Vanderschmidt

## WELLFLEET ELEMENTARY SCHOOL

---

---

### LIST OF 2015 ACCOMPLISHMENTS

- WES is the only K – 5 elementary school on the Cape & the Islands to remain a Level 1 school district and a Highest Performing school.
- Fully implemented the *Wonders Reading* program and *Wonder Works* intervention program.
- Implemented the *Teaching Strategies GOLD* (an ongoing observational system for assessing children from birth through kindergarten) in our *Tools of the Mind* kindergarten classroom.
- Participated in the Grade 5 MCAS Science and Technology/Engineering and Partnership for Assessment of Readiness for College and Careers (PARCC) in ELA and Math, Grades 3, 4, & 5.
- Fully implemented of the updated *Nauset Tiered System of Support* (NTSS).
- Fully implemented of the Museum of Science’s *Engineering is Elementary* (EiE) units aligned with the Next Generation Science Standards (NGSS), K-5.

- Formal scheduling of *Second Step: A Violence Prevention Curriculum*, K – 5.
- Partnered with *Choose to be Nice*, an online organization to enhance our Bullying Prevention curricular programs (*Second Step* and *Responsive Classroom*).
- Purchased 20 iPads and cart for students and iPads for all Educators.
- Twenty (20) new computers were installed in the Computer Lab.
- Smartboards installed in all instructional spaces.
- Expanded our annual Family Math Night to include Science. Seventy families attended.
- Implemented the *One School, One Book* initiative (Chapter book: *The One and Only Ivan*).
- Expanded our after school programming with Elder Services of Cape Cod & the Islands to include the Intergenerational Book, STEM, and Knitting Clubs.
- Grade 3 collaborated with the Wellfleet Open Space Committee enriching the curriculum with mini lessons on the open space and trails of Wellfleet and in-class assistance with the history of Cape Cod; Wellfleet in particular.
- School Council developed a new *School Improvement Plan* (utilized the Parent Survey and the Nauset Strategic Plan during the process).
- Partnered with Sustainable CAPE's the *Farmer– in– the School* program, K – 5, to create a uniquely tailored sustainable school garden program in our established Hoop House and new Pizza Garden.
- Educators have been awarded over \$3,300 in educational grants.
- Received \$18, 200 from the REAP Grant to provide tutorial services during the school year and ELA and Math programs during the summer.
- Implemented *My Plate* and *Discovery My Plate* materials (library books, coloring pages, and handouts), the *Harvest of the Month* program, and *Try It!* initiative in the cafeteria.
- Established *P.A.C.K. It Week* and monthly *Theme Days* in the cafeteria. Themes have included *Parent Pizza Day*, *Sports Day*, *Eat a Rainbow*, *Bring a Book to Lunch Day*, and *Beach Day in the café*.
- Provided two School Safety Presentations, "*Thinking Beyond Lockdowns*" for staff with the Wellfleet Police Department and Eastham Sgt. Gus Schnitzer.
- Combined our annual Art Show and Spring Concert into one evening titled, *WES Arts Night*.
- Summer installation of a Key Access System from Galaxy Integrated Technologies, Inc. to secure the school lobby doors to the two wings and the main office.

Respectfully submitted,

Mary Beth Rodman, M. Ed  
Principal

Wellfleet Elementary School is heading in new directions, even as it maintains its stellar reputation of providing an excellent and caring education. Test scores, enrichment opportunities, and morale hold steady at superior.

Our new superintendent, Thomas Conrad, is full of enthusiasm for all aspects of his job; his spirit is contagious. One area of emphasis for him is in transparency and an increase in community communications. Mr. Conrad is going about the Region, meeting as many town officials in our four towns, as possible. He would like to meet you, too. At least once a month, Mr. Conrad is available at Wellfleet Elementary School for “Chats with the Superintendent”, from 1:30 – 3:00pm, in the school’s Community Conference Room. He is available to meet with staff, parents, town residents, and stakeholders who might like to talk with him. To learn specific dates, please call the school’s main office at 508– 349– 3101, ext.10 or consult the Nauset website at [www.nausetschools.org](http://www.nausetschools.org). Mr. Conrad is also available, by appointment, in his Orleans office.

Another area of emphasis is the extra attention to Social and Emotional Learning in the earliest grades. *Responsive Classroom*, *Second Step*, and *Choose to be Nice* curriculums lead the way to whole child education. The vouchers for Pre–Kindergarten encourage enrollment in instructional environments that teach social and emotional learning.

Finally, I would like to mention the School Committee’s participation in the newly formed, Substance Abuse Task Force. This is a Nauset– wide Task Force understanding the issues with the substance abuse epidemic on Cape Cod. The Task Force is working directly with our local law enforcement, legislators, and public and private healthcare agencies, including Gosnold Treatment Center. The goal of the Task Force is to help combat addiction and substance use disorders that threaten the well–being of our children, families, and communities. Academic learning cannot take place when a student is handicapped by his own addiction or substance abuse or the disorder of those around him.

We hope this update informs you on how your local School District continues its vital role in the community. Your School Committee is proud to work with the excellent personnel at Wellfleet Elementary School.
