Beach Parking Task Force Meeting Minutes for November 5, 2013

The meeting was called to order in the Town Hall hearing room at 2:05 PM.

Attendees: Harry Terkanian, Paul Lindberg, Ronald Fisette, Rich Pauley, Terry Gips, Suzanne Thomas, Judy Rogers and Todd LeBart.

Minutes of the meeting of September 25, 2013 were approved (7-0).

The draft erosion report prepared by Greg Berman was reviewed.

During the discussion of a possible parking area on Lawrence Road the following points are noted. Use of the proposed parking as a beach lot would have to be coordinated with the elementary school schedule to insure there was no overlap. Part of a future investigation of the site would be determining that there was no legal impediment to using the site for parking. Any shuttle service from the site should not stop at Long Pond, service should only be provided to Whitecrest and Cahoon Hollow. The beach at LaCount is too narrow to accommodate additional use from shuttle traffic. The lot might be a revenue source for OysterFest. Use of Long Pond Road by bicyclists may pose an impediment for increased shuttle traffic.

The Committee also discussed the parking at Whitecrest. The consensus was that the lot should be expanded.

The Committee also discussed the shuttle experience during 2013 and believes that it should be continued.

Next meeting will be December 3, 2013 at 9:00 AM.

The committee requested the Town Administrator draft a proposed report reflecting the above discussion.

The meeting was adjourned at 2:45 PM.

Harry Sarkis Terkanian,
Town Administrator
