

The unique and rich natural environment of Wellfleet is a large factor in what makes it such a special place. The town would like to create a network of passionate community volunteers interested in preserving, protecting, and enhancing the health and environment of Wellfleet and its residents.

Possible project areas for volunteers may include:

- Land stewardship/trail maintenance
  - Habitat restoration, invasive species removal, trail pruning
- Aquatic monitoring
  - Assist in water sampling and data collection from the town's many ponds
- Community events
  - Assist with special events throughout the year promoting health and the environment
- Public Health Preparedness
  - Help setup and run an immunization clinic
- Promote Disease Prevention
  - Lead a weekly walking group or participate in a group led exercise program

If you, or someone you know, may be interested in joining this group of community members then please fill out the informational form below. You may also contact Hillary Greenberg-Lemos the Town of Wellfleet Health and Conservation Agent at (508) 349-0308 or email Sasha Berns at [americorps@wellfleet-ma.gov](mailto:americorps@wellfleet-ma.gov) for more information.
