

Net Metering Credits - Solicitation
September 22, 2016

**Town of Wellfleet
Solicitation for Proposals
Net Metering Credits**

The Town of Wellfleet (“Town”) is requesting that qualified firms submit proposals for Net Metering Credits to the Town. The Town’s current electrical use is approximately 892,000 kilowatt-hours. The Net Metering Credits shall be from a solar photovoltaic array project. The Town is seeking to enter into a twenty to thirty (20 to 30) year fixed rate contract at 10 cents, or best offer, a kilowatt-hour with no escalator. When responding to the solicitation please send answers to the following questions: 1) Explain what happens if the generating facility produces more power than the Town can use? 2) What is the minimum production guarantee of the generating facility? 3) What happens after the contract period? Solicitations shall include a cover letter with quote, answers to questions, and list of similar or relevant projects completed. Solicitations are due Friday, October 14, 2016, by 2:00PM either via e-mailed to Brian.Carlson@wellfleet-ma.gov or via mail to Assistant Town Administrator, 300 Main Street, Wellfleet, MA 02667.
