- > Annual Town Report Draft approved for submission to Town; vote 4-0
- > Meeting adjourned

Approved, March 18 2021; Vote 3-0 , one absent

ATM – 2021 – NRAB Request

ARTICLE XX: To see if the Town will vote to raise and appropriate and/or transfer from available funds the sum of **\$25,000**, or any other sum, for the purpose of investigating and recommending practical engineering methods to reduce the scope and expense of future north channel harbor dredging, or do or act anything thereon.

Board of Selectmen:

SUMMARY: This article seeks funding for a study of Wellfleet's Marina to evaluate and develop an engineering and permit plan to replace Marina north channel dredging with a natural distribution of dredge spoils ("black custard") on to Duck Creek marshes.

(Request of the Natural Resources Advisory Board.)
