Letter of support for town ice machine – Massachusetts Seafood Collaborative

M. DeCristoforo from Massachusetts Seafood Collaborative who applied for a Federal/State grant for a town ice machine in Wellfleet, discussed the need for a letter of support .

T. Siggia made motion to approve letter below, K. Johnson 2nd, all in favor 5-0.

Letter read as follows:

March 16,2023

To: Massachusetts Seafood Collaborative

The Wellfleet Shellfish Advisory Board recognizes the need for an accessible ice supply for the Wellfleet shellfishing community, particularly to meet the mandates of Vibrio regulations.

In order to maintain the viability of the Wellfleet shellfish industry we believe an easily accessible ice source is needed. We support the acquisition of an ice machine to benefit all those in the community who continue Wellfleet's fishing industry.

Sincerely,

Wellfleet Shellfish Advisory Board
