TRI has been awarded the contract to deliver the Community Development Block Grant funds on the behalf of the Town of Dennis Regional Housing Rehabilitation Loan Program. We are currently accepting applications for the FY20 grant season. Funding will be awarded to income eligible year-round residents to perform critical home repairs on a first come, first served basis in the Towns of Dennis, Brewster, and Wellfleet in the form of a deferred forgivable loan. Critical repairs include but are not limited to: replacement of failed roofs, heating and septic systems, energy efficient windows, siding, electrical and plumbing repairs along with lead paint hazard abatement and home modifications for handicapped accessibility issues. Contact TRI for more information and to obtain a full application. Community response to this program is always strong and we usually receive more “qualified” applicants than funds available
