

The Selectboard creates a Natural Resources Advisory Board (NRAB) of at least three and up to six members, as appointed by the Selectboard.

The NRAB will have such duties as the Selectboard may specify but will include the following:

- > review of Wellfleet Harbor environmental conditions; based on this review prepare a harbor management plan
- > review of Wellfleet ponds environmental conditions; based on this review prepare a ponds management plan
- > as needed, identify, study and recommend actions concerning other Town natural resources
- > NRAB shall co-operate with relevant Town committees, including SAB, OSC, MAC, ConsCom, RPAC and Wastewater
