

- > Meeting called to order 6:04 pm
- > Curt Felix and Scott Horsley presented information on the Town waste-water project. The heart of the proposal is to use new, local technologies for nitrogen mediation, rather than A large central sewage plant. Implementation depends on approval of Articles 19-21 on the Town Meeting warrant.
NRAB members expressed interest and support for the work. Vote to recommend each Of the articles passed, 5-0.
- > Board discussed status of two NRAB Annual Town Meeting articles, one on dredging, one on a new harbor survey. Handouts for both were approved 5-0. There is broad support for each by other Town committees, including ConsCom, Shellfish and Marina.
- > NRAB minutes of May 19 2021 approves as written, 5-0.
- > Next meeting to be scheduled after Town Meeting
- > Meeting adjourned 7:20 pm.
