

# HERRING RIVER RESTORATION PROJECT LOW LYING ROADS – CONSTRUCTION UPDATE FEBRUARY 2024

- New England Boring Contractors will be conducting Geotechnical boring work at five locations along the low-lying roads stretching from Pole Dike Rd. and Bound Brook Island Rd. in Wellfleet, North to Lombard Hollow along Old County Rd in South Truro.
- This work, while originally scheduled to take place the week of February 19<sup>th</sup>, has been rescheduled to take place the week of February 26<sup>th</sup>. The contractor anticipates conducting one boring per day for a total of five days of work 2/26/24 through 3/1/24.
- The contractor anticipates staging their drill rig in a fashion that will permit one lane of traffic around the drilling operations. In the event that this is not feasible, a detour route will be established for traffic. A police detail will be present to assist with traffic management.
