

Town Recreational Shellfish Crier
June 21, 2022

1. Important Reminder on Summer Shellfishing Days and Area

We would like to remind you that shellfishing is only open on **Wednesdays and Sundays** and only at the **Indian Neck Recreational Area** from June 1 to September 30. This is the only area open to recreational shellfish harvesting at this time. In the past few weeks, we have had to ask several people to leave the rec area on Saturdays and to leave other locations throughout the harbor that are not currently open for recreational harvest. Thank you for your cooperation. Here is a link to a [map](#) for easy reference. If you have any questions, feel free to check out recreational shellfishing page of our website: <https://www.wellfleet-ma.gov/shellfish-department/pages/recreational-shellfishing> or call our office at 508-349-0325.

Contact Nancy at nancy.civetta@wellfleet-ma.gov or 508-349-0325 with ideas on how the Shellfish Department can help or improve shellfishing. Thank you!

Nancy Civetta
Shellfish Constable

John Mankevetch
Assistant Shellfish Constable

Chris Manulla / Jordan Halloran
Anna Meichenbaum
Deputy Shellfish Constables
